Adult Social Care

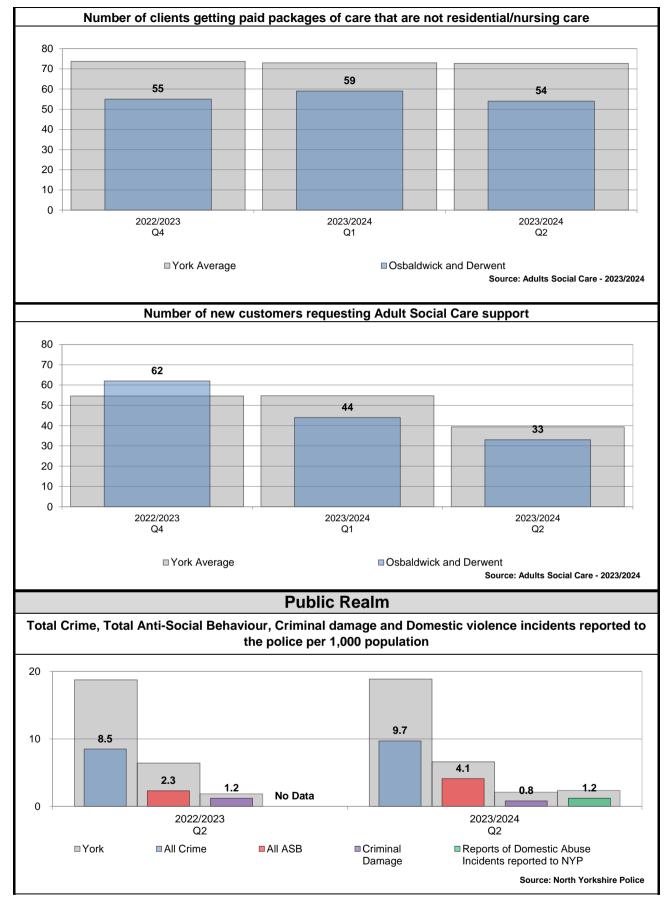

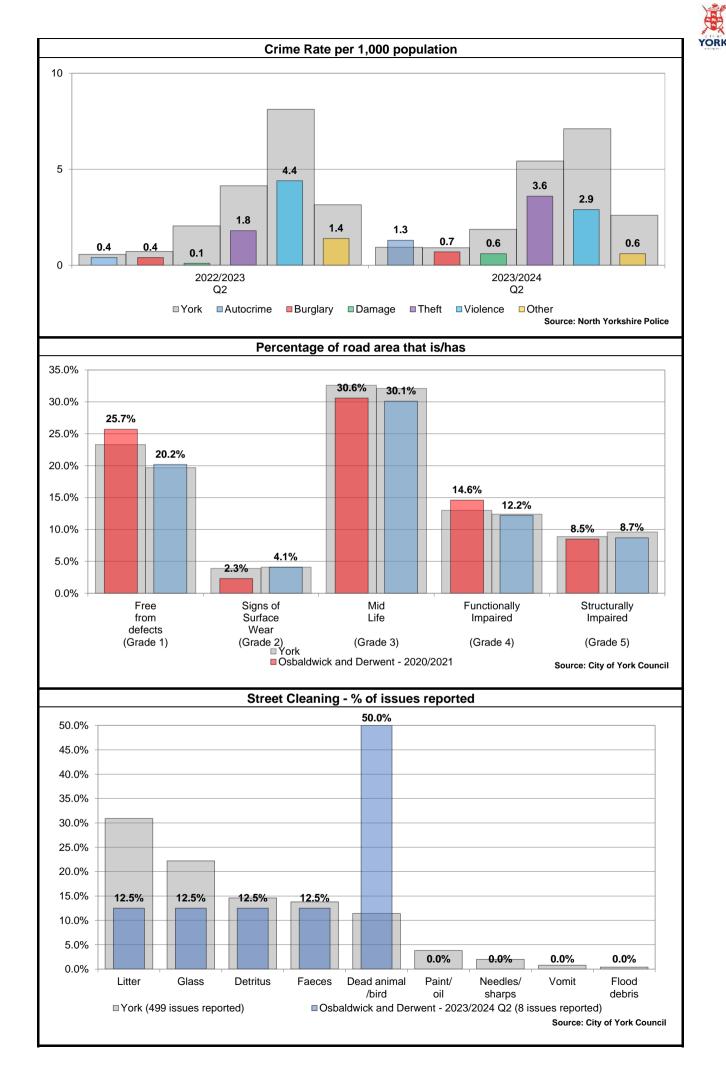

Social isolation: This is based on respondents to two questions on the Adult Social Care Survey regarding social contact and how time is spent.

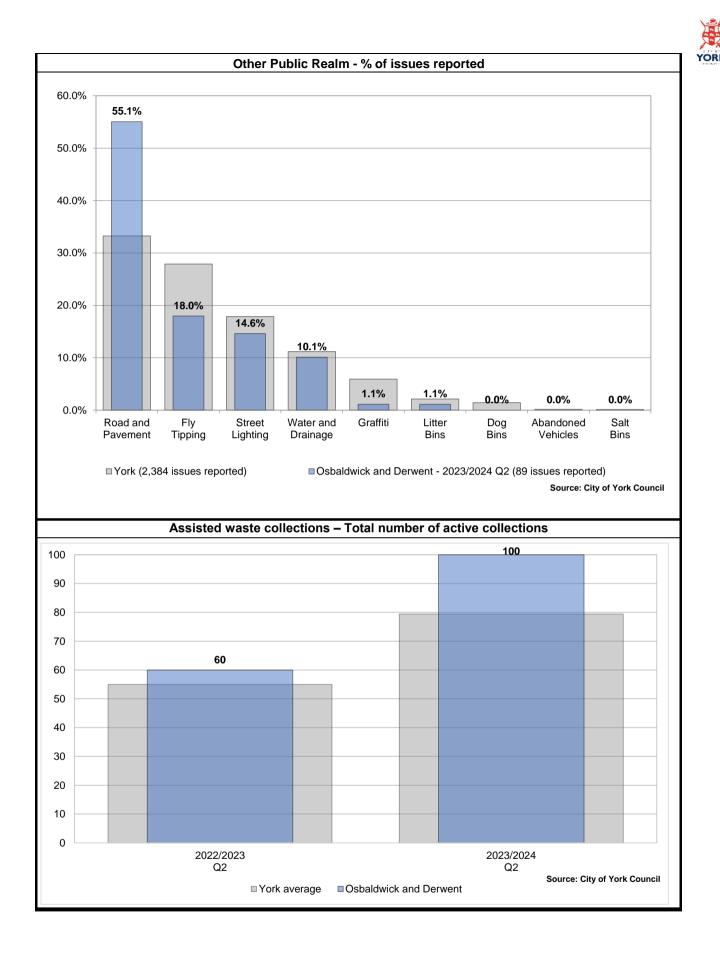

A score of 1 indicates that the respondent has plenty of social contact and that they spend their time doing things they enjoy A score of 4 indicates that the respondent feels socially isolated and that they don't feel they do anything of value with their time.

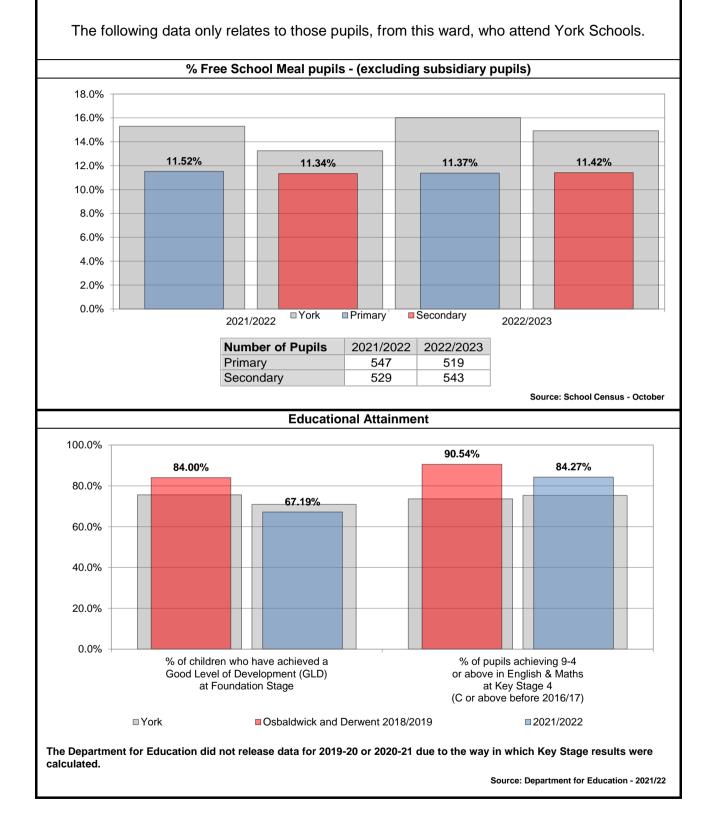

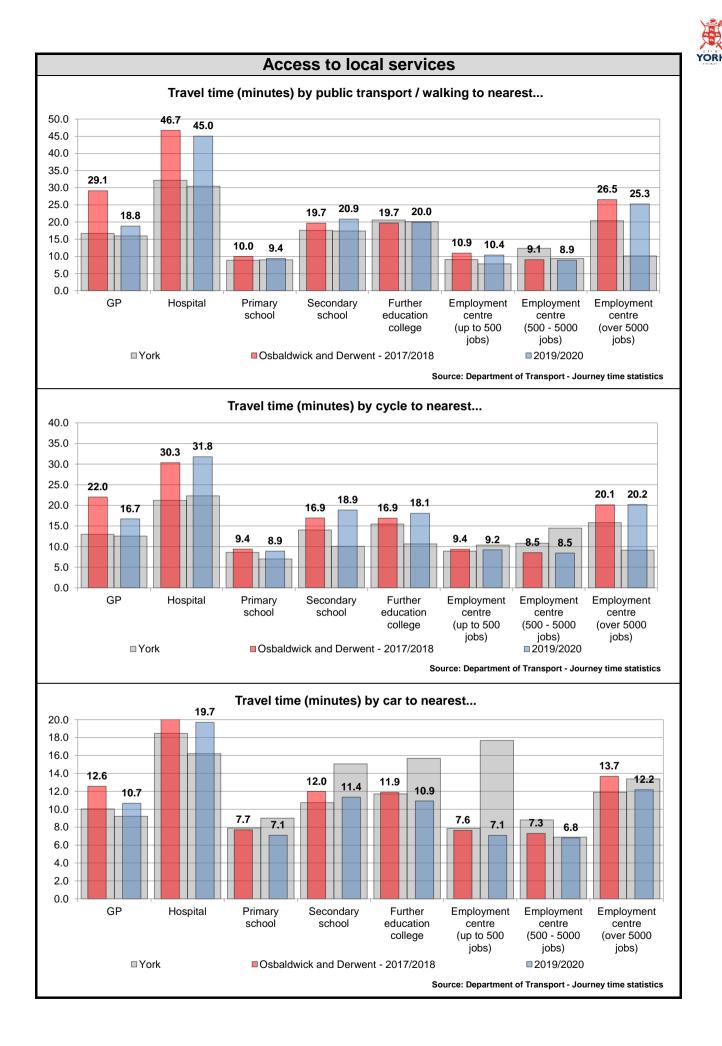

Education and Schools

The following school catchment areas are part of Osbaldwick and Derwent Ward:

Primary: Dunnington CE, Elvington CE, Hempland and Osbaldwick.

Secondary: Archbishop Holgate's CE, Fulford Secondary and Huntington.

Broadband coverage and speeds

In March 2017 the UK Government introduced the Universal Service Obligation (USO) for broadband as part of its commitment in the UK Digital Strategy to ensure that the UK has world-class digital connectivity and inclusion.

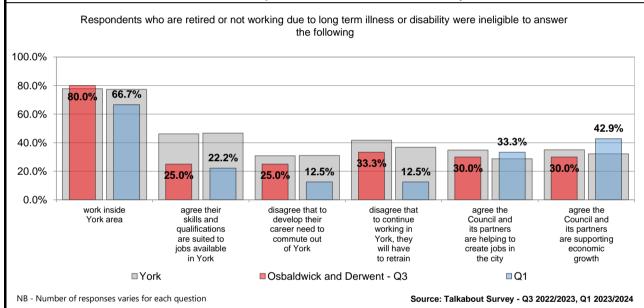

Measure	Osbaldwick and Derwent	York	Summary		
Average download speed (Mb/s)	63.24	177.50	slower than the York average		
Superfast broadband availability	84.52%	96.17%	worse than the York average		
Connections receiving:					
slowest speeds (under 2 Mb/s)	0.37%	0.04%	higher than the York average		
slower speeds (under 10 Mb/s)	0.94%	0.67%	higher than the York average		
superfast speeds (over 30 Mb/s)	92.66%	96.32%	lower than the York average		

This data is based on analysis of Ofcom's Connected Nations data for 2022/2023. Ofcom collected and analysed data from major fixed telecoms operators (BT, Virgin Media, Sky, Talk Talk, Vodafone and KCOM).

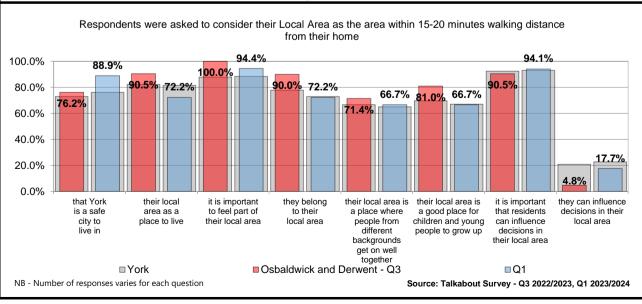

Due to variations in broadband performance over time, Ofcom cautions that the data should not be regarded as a definitive and fixed view of the broadband infrastructure but rather a snapshot of current variation in availability and performance across the country. The vast majority of UK homes can now get superfast broadband, which provides download speeds of at least 30 Mbit/s; although more than a quarter who have access to it have not taken it up.
