M: Professional, scientific and technical activities, N: Administrative and support service activities, O: Public administration and defence; compulsory social security, P: Education, Q: Human health and social work activities

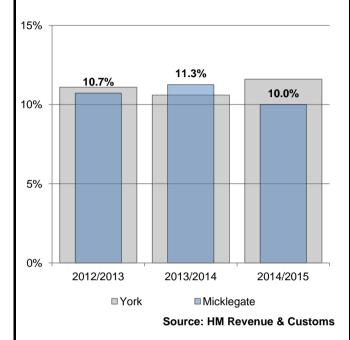

Child Poverty

The proportion of children living in families in receipt of out-of-work (means-tested) benefits or in receipt of tax credits where their reported income is less than 60 per cent of UK median income.

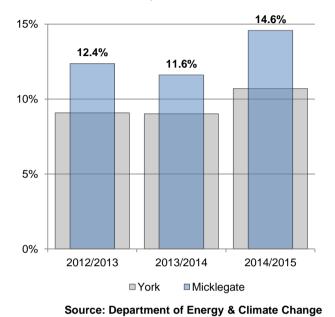

Fuel Poverty

The Low Income High Costs indicator is a twin indicator consisting of:

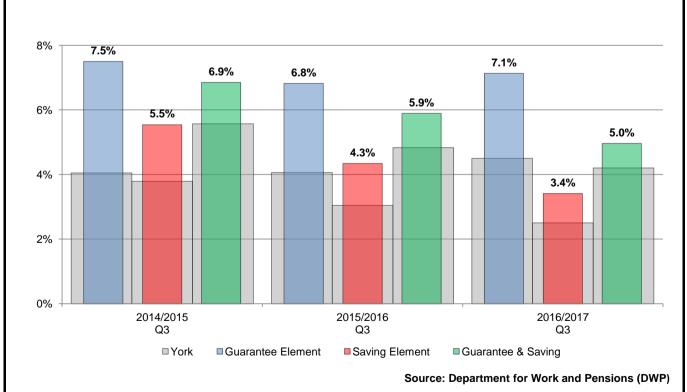

- the number of households that have both low incomes and
- the depth of fuel poverty amongst these fuel poor households.

 This is measured through a fuel poverty gap which represents the difference between the required fuel costs for each household and the median required fuel costs.

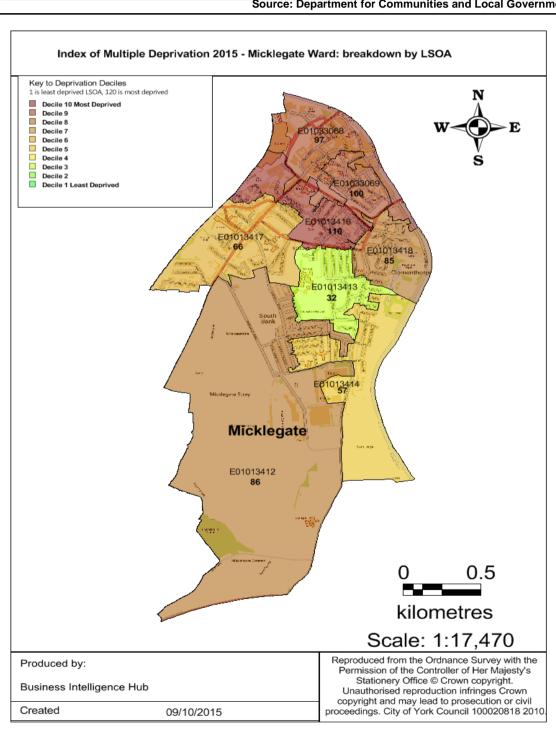

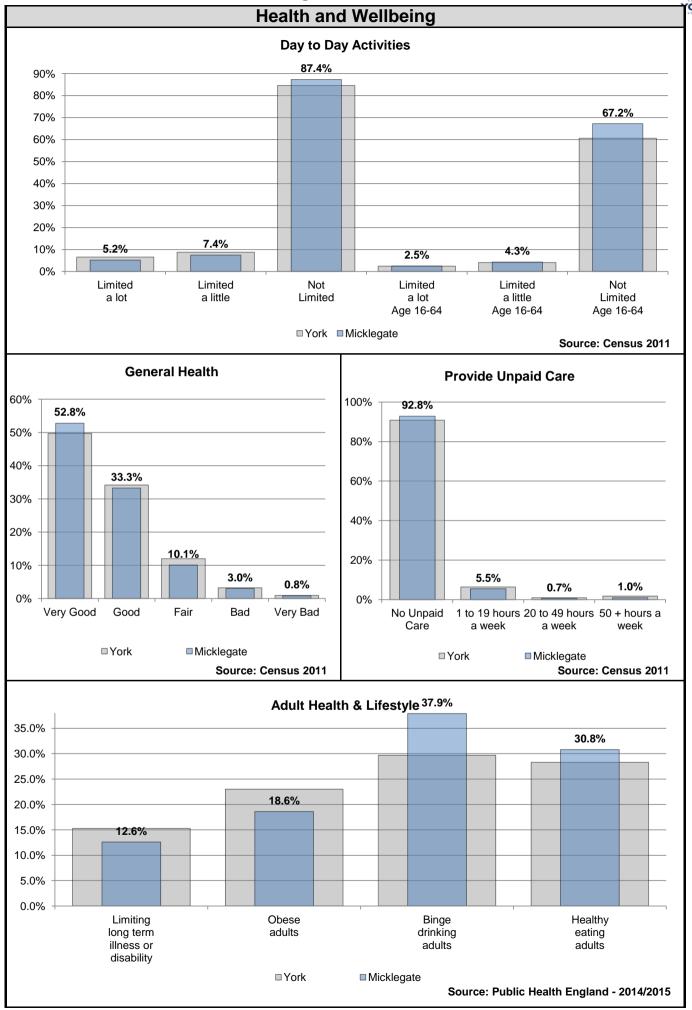

Pension Credit

Pension Credit is an income-related benefit made up of 2 parts - Guarantee Credit and Savings Credit.

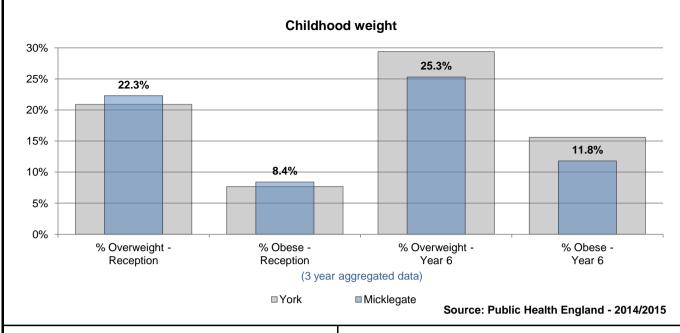

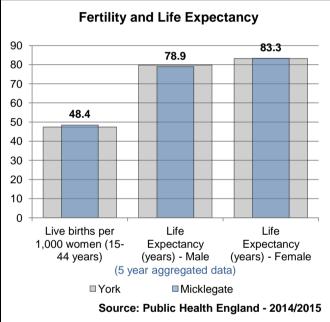

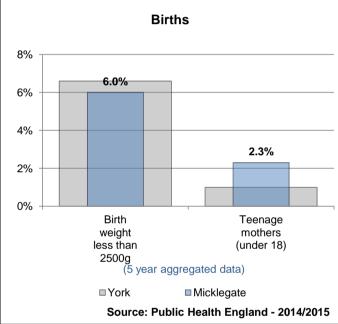

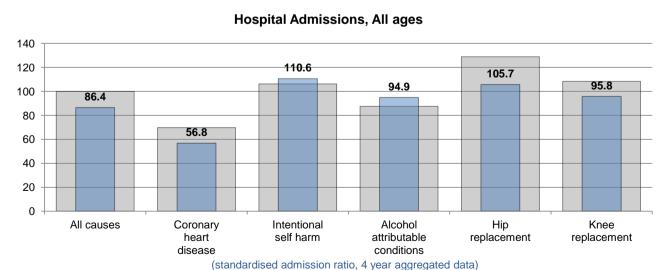

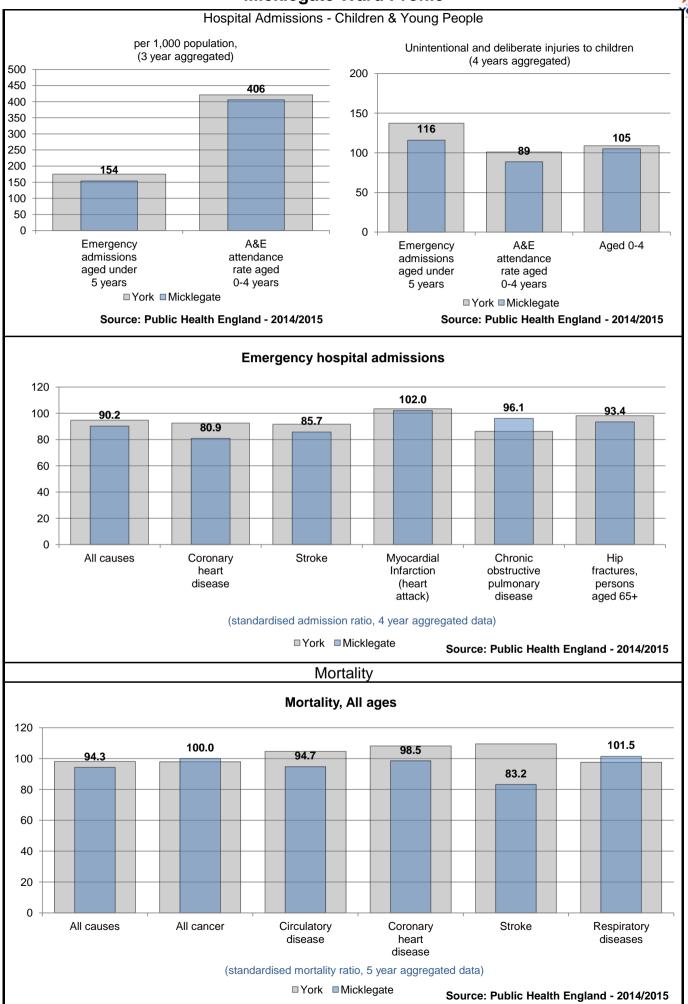

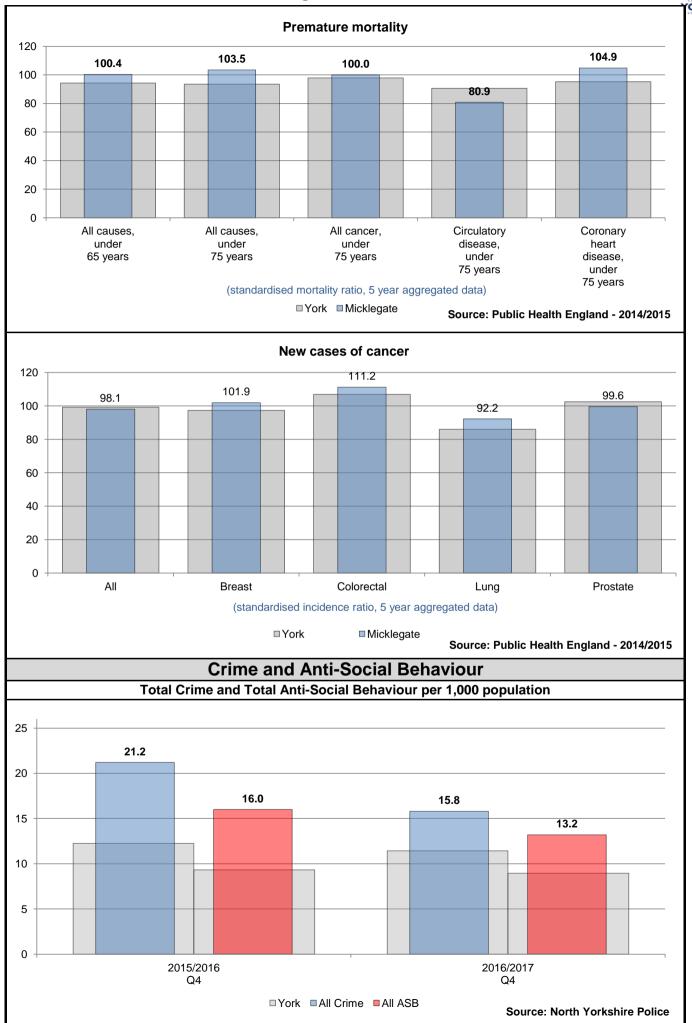

Hospital Admissions

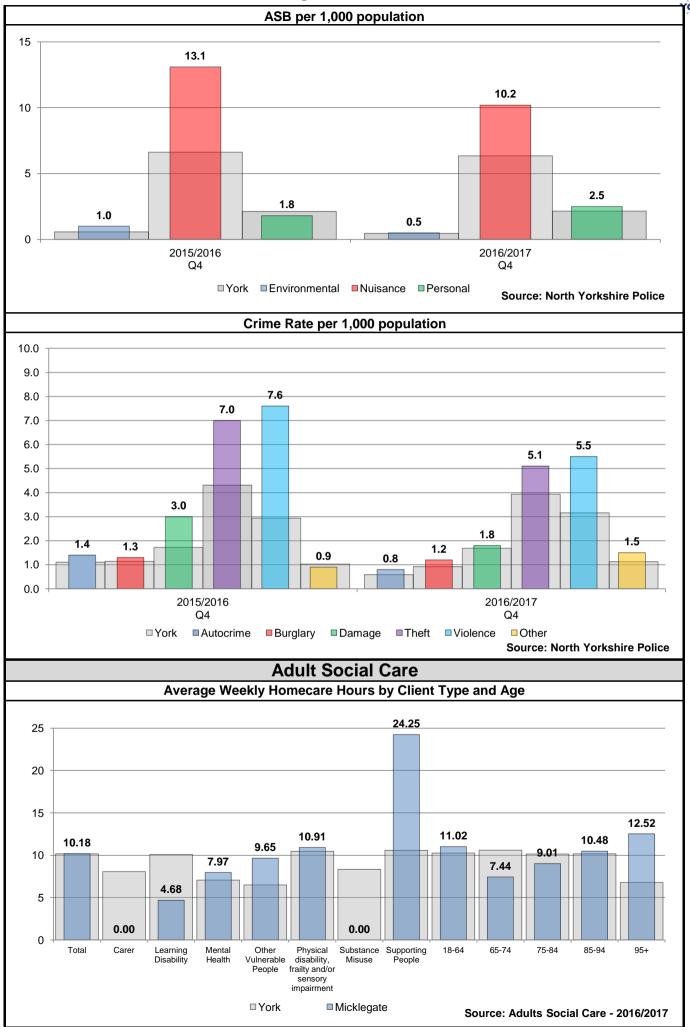

The Standardised Admission Ratio (SAR) is a summary estimate of admission rates relative to the national pattern of admissions and takes into account differences in a population's age, sex and socioeconomic deprivation.
