Child Poverty

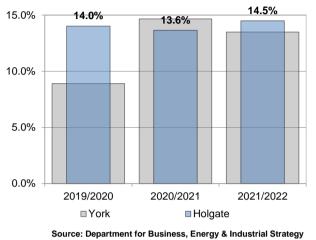

The proportion of children (under 16) who are living in families whose reported income is less than 60 per cent of UK median income

Fuel Poverty

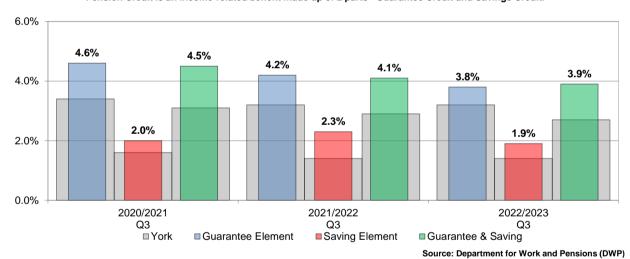

The new fuel poverty metric Low Income Low Energy Efficiency (LILEE) considers a household to be fuel poor if:

- it is living in a property with an energy efficiency rating of band D, E, F or G; and
- its disposable income (income after housing costs (AHC) and energy needs) would be below the poverty line.

Pension Credit

Pension Credit is an income-related benefit made up of 2 parts - Guarantee Credit and Savings Credit.

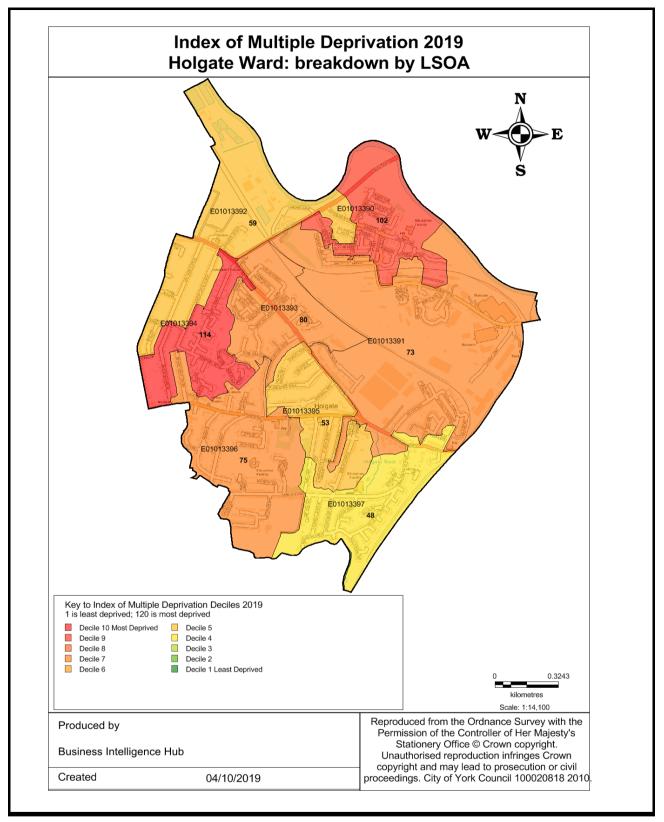

Indices of Multiple Deprivation

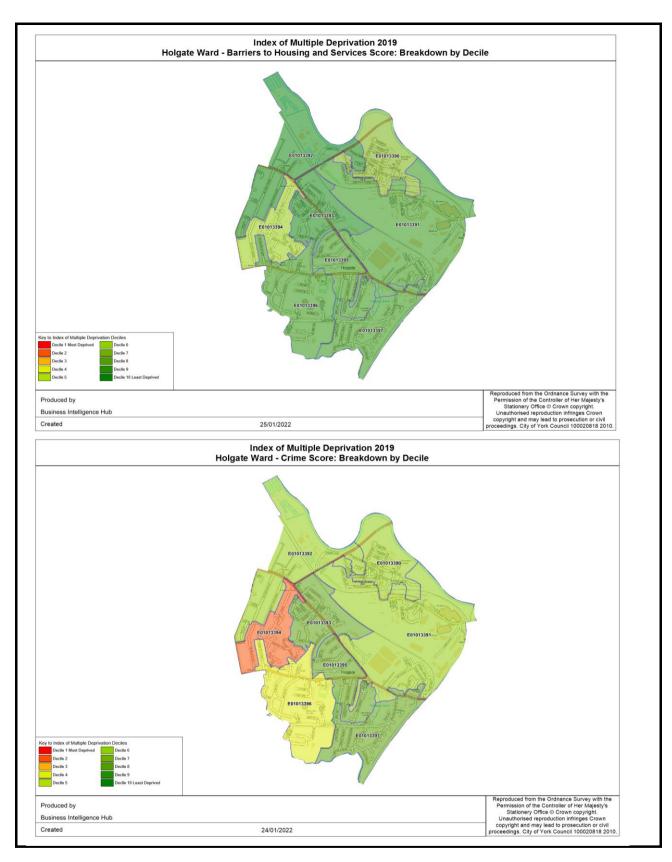

The IMD measures and rates a number of different domains affecting quality of life including income, employment, education and skills, health and disability, crime, barriers to services and quality of living environments. **A high score is**

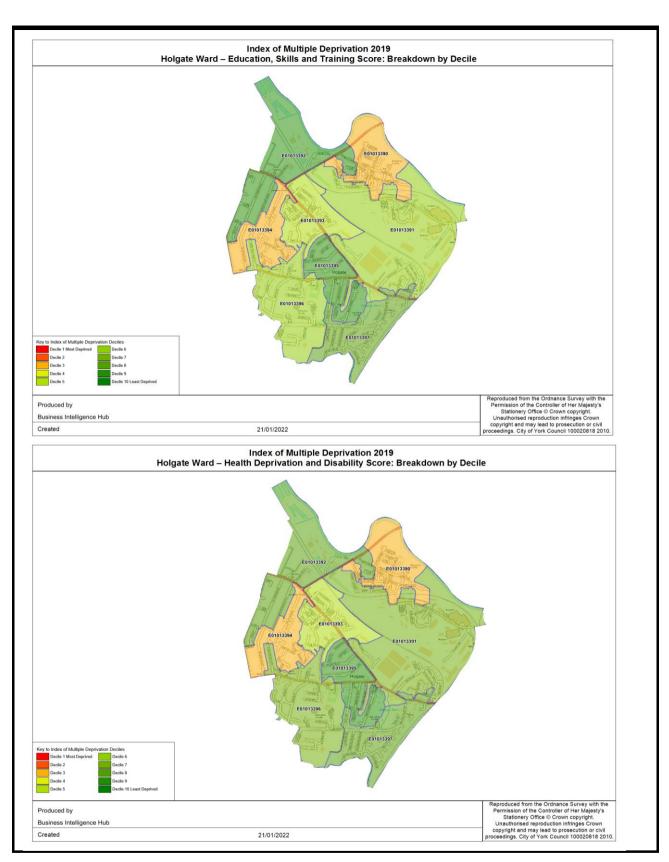

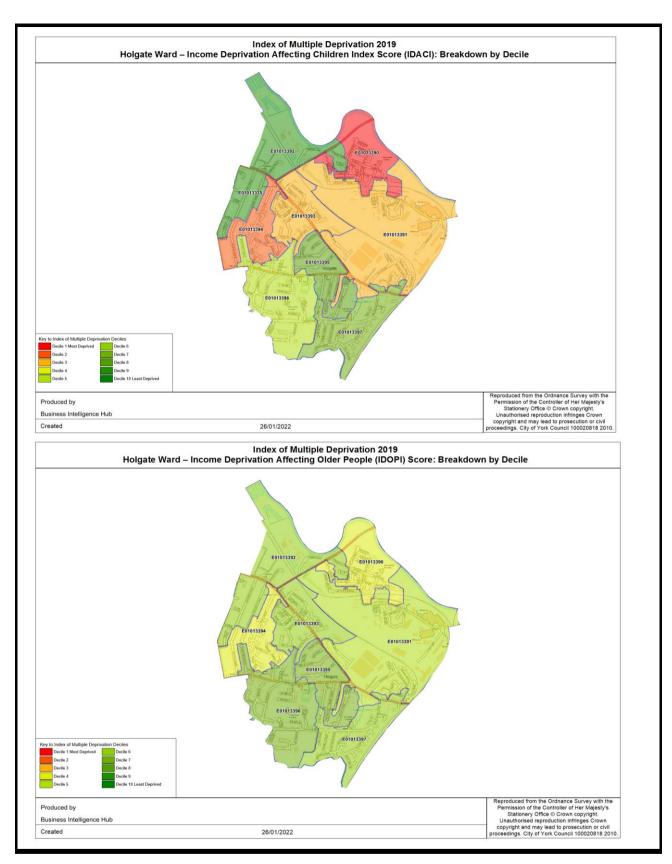

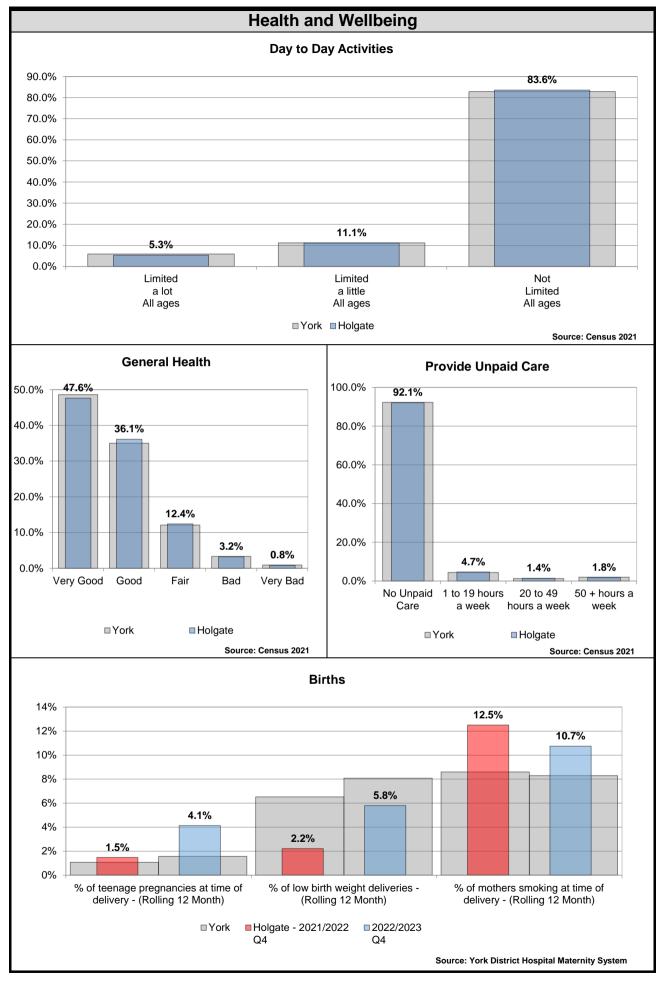

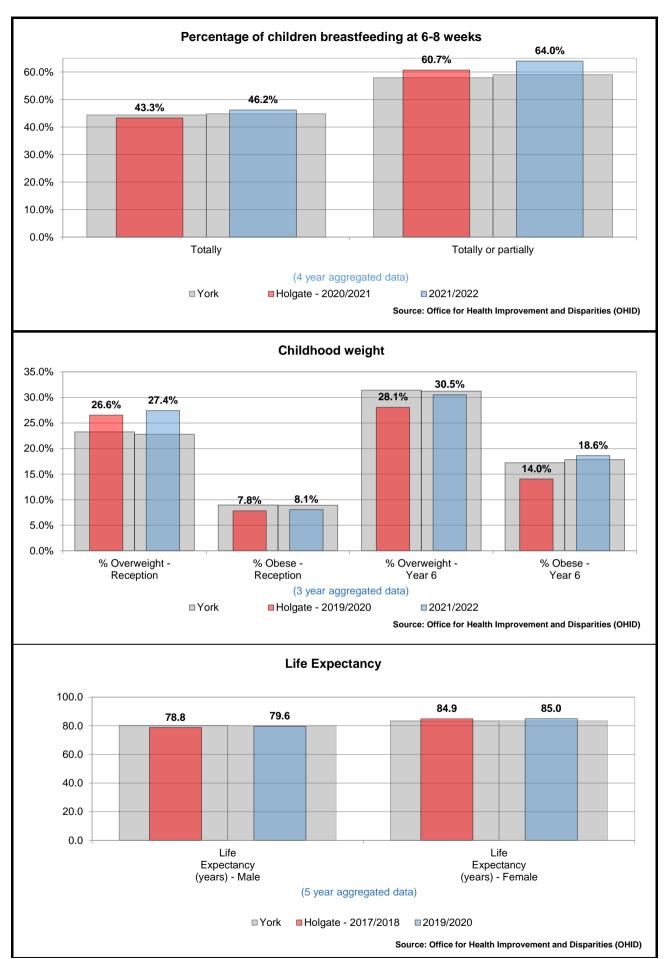

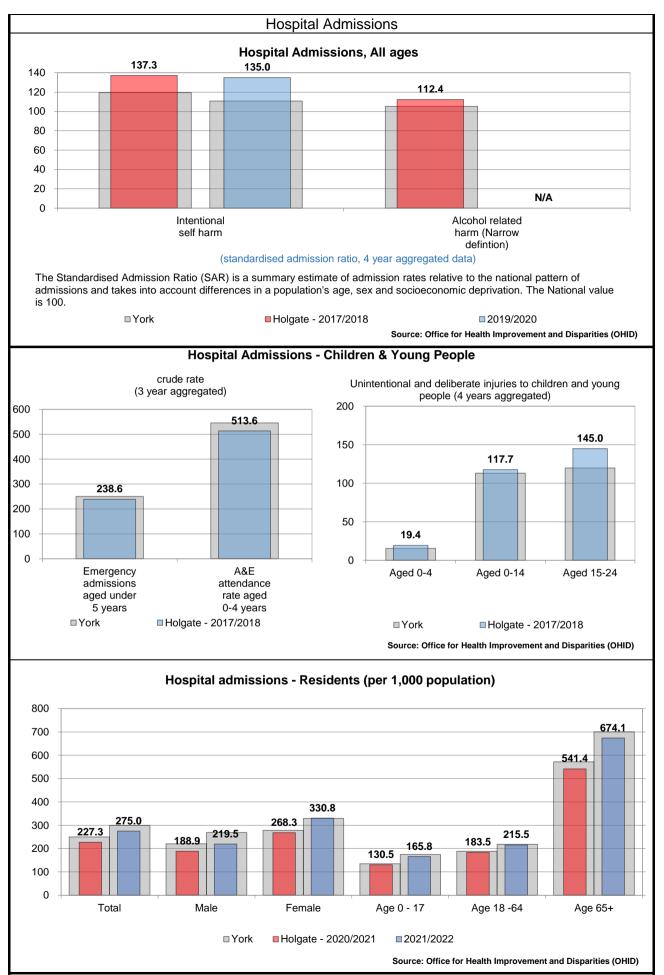

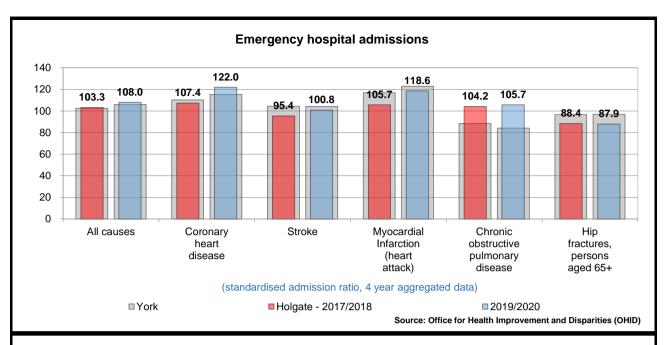

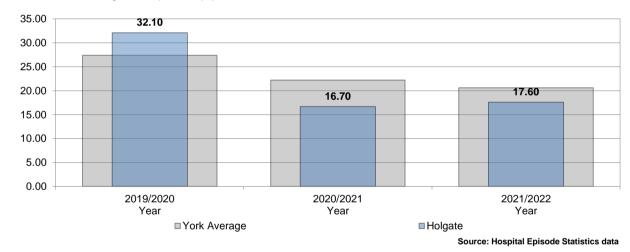

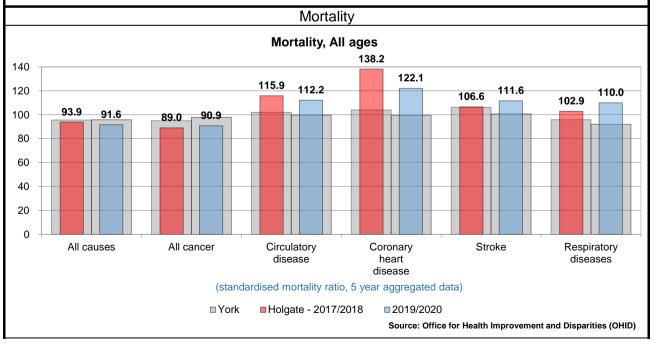

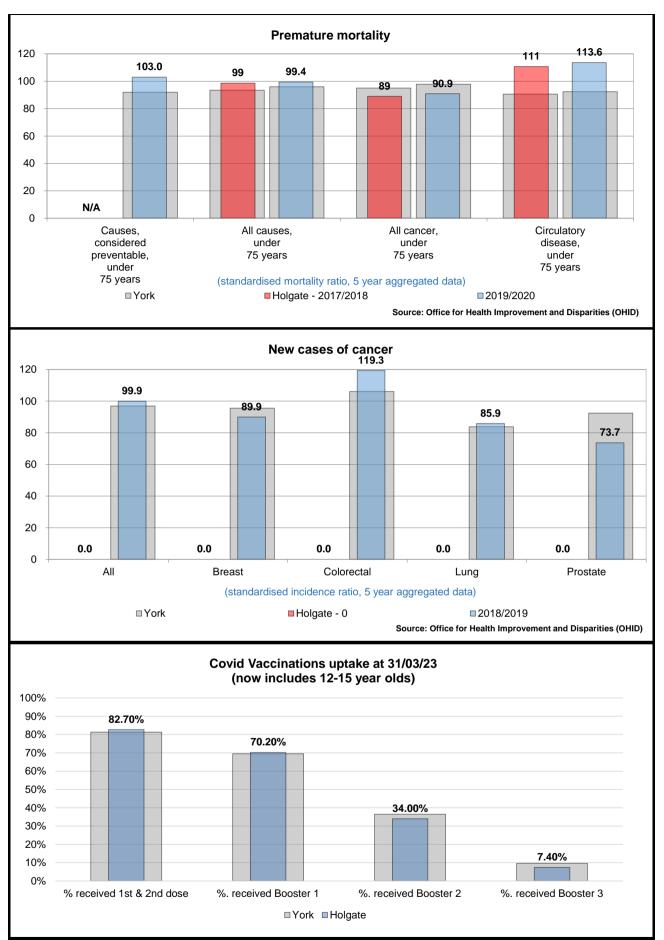

Emergency hospital admissions for injuries resulting from a fall (over 65), per 1,000 population

Falls data: the figures given here are taken from Hospital Episode Statistics data, which takes the number of those aged 65 or over being admitted to hospital on a non-elective basis at least once in each year as a result of a fall and divides it by the number of those of that age group resident in each ward to give a rate per 1,000 population.

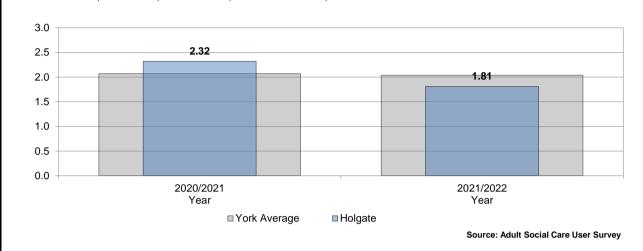

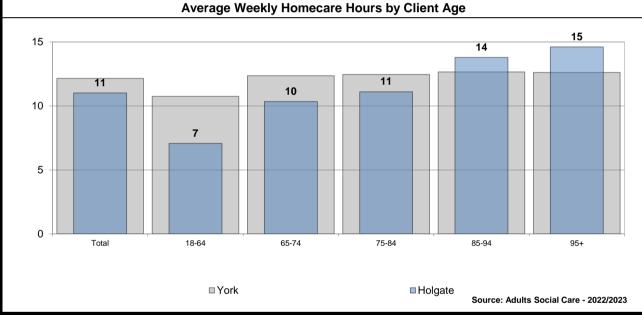

Social isolation

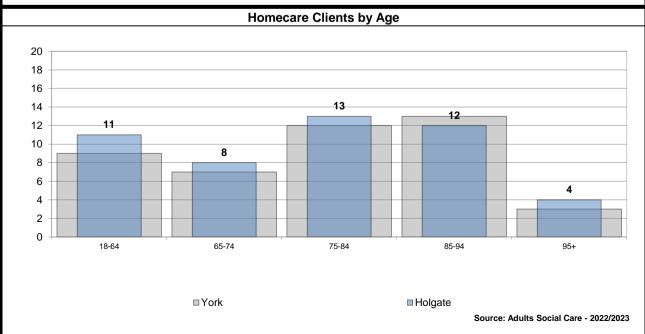

Social isolation: This is based on respondents to two questions on the Adult Social Care Survey regarding social contact and how time is spent.

A score of 1 indicates that the respondent has plenty of social contact and that they spend their time doing things they enjoy A score of 4 indicates that the respondent feels socially isolated and that they don't feel they do anything of value with their time.

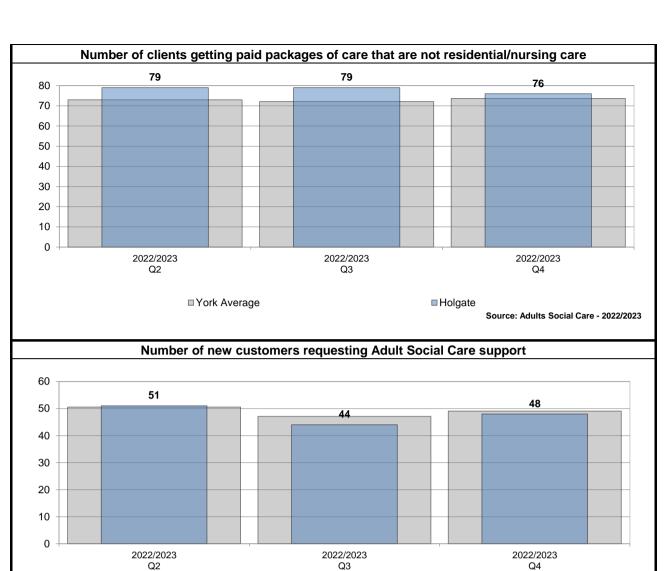

The mean of all respondents' responses to both questions is the score presented here.

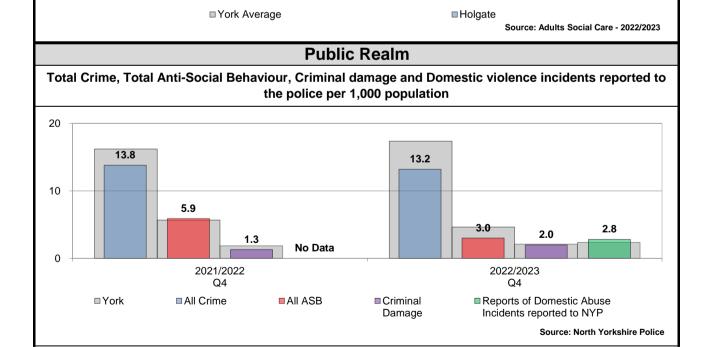

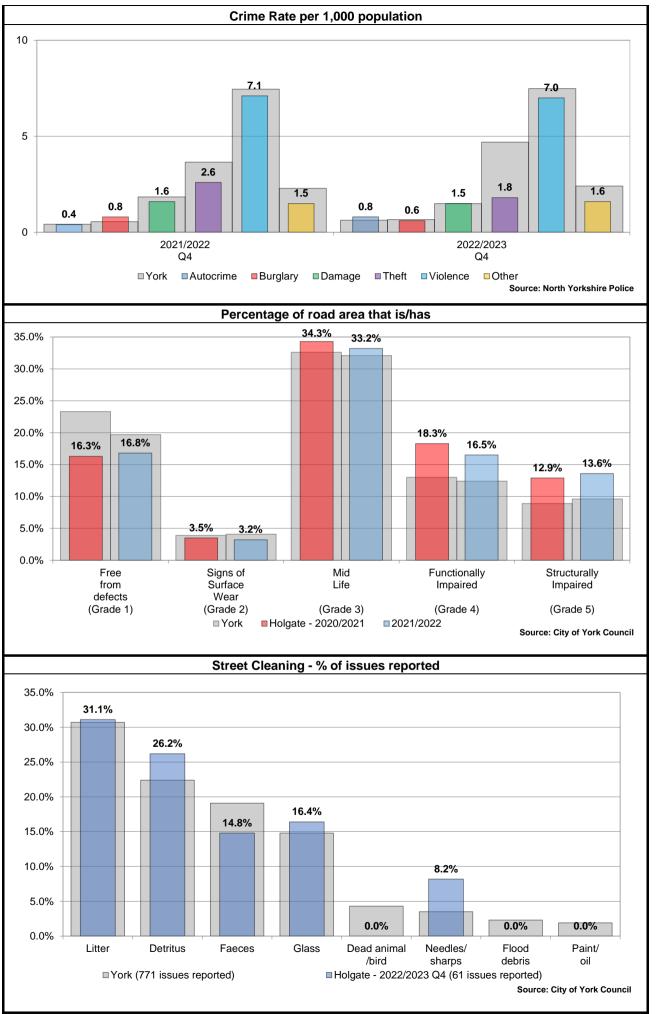

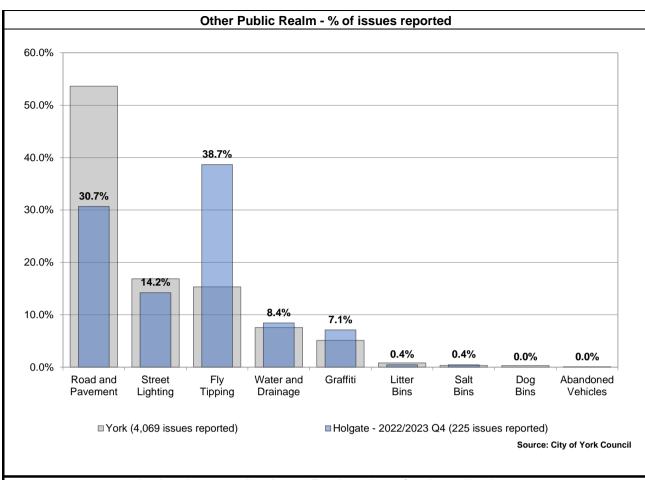

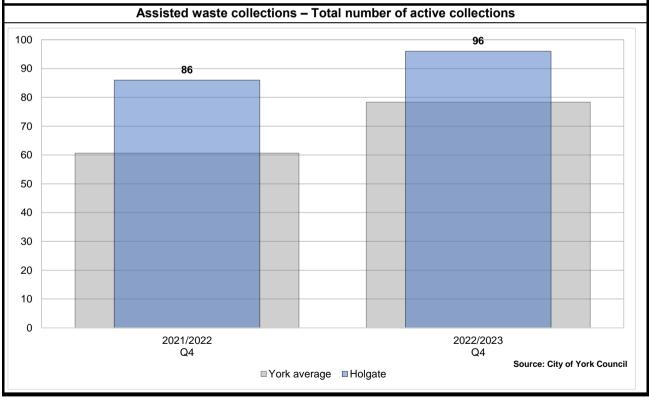

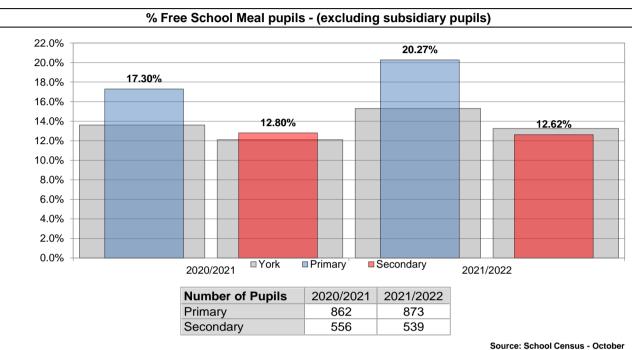

Education and Schools

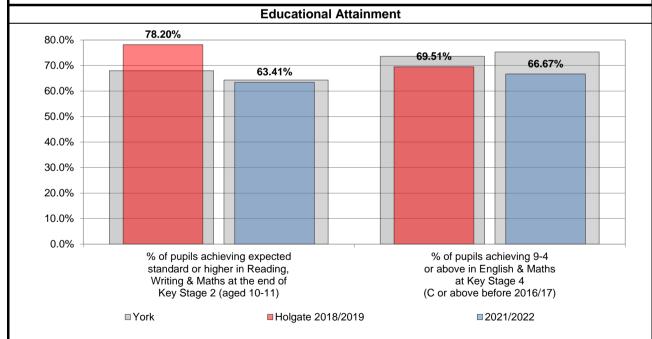

The following school catchment areas are part of Holgate Ward:

Primary: Acomb School, Carr Infant/Junior, Hob Moor, Poppleton Road, Scarcroft, St. Barnabas' CE and St. Paul's CE.

Secondary: Millthorpe and York High.

The following data only relates to those pupils, from this ward, who attend York Schools.

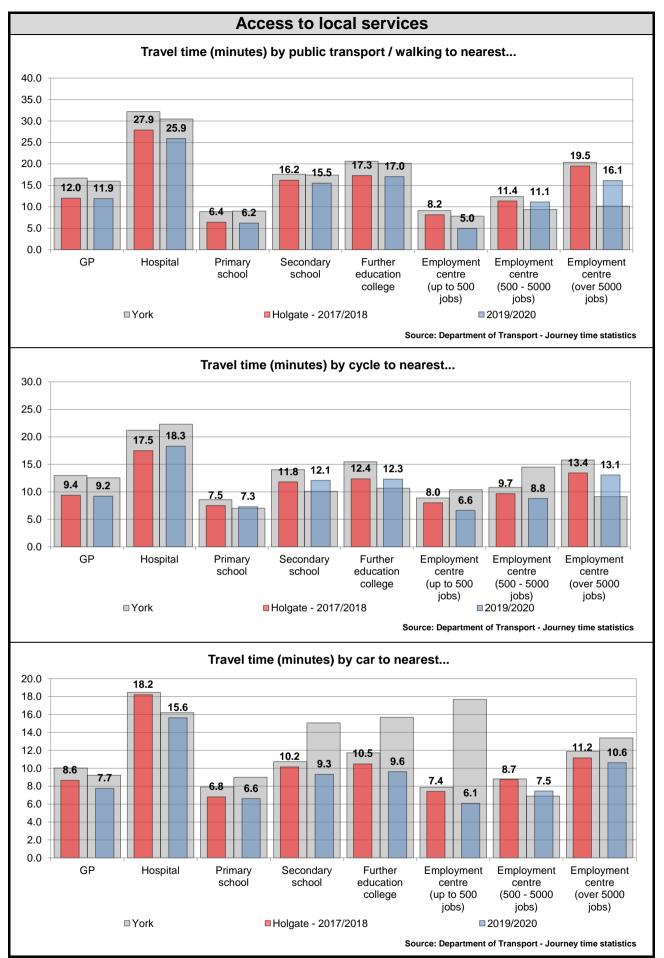

The Department for Education did not release data for 2019-20 or 2020-21 due to the way in which Key Stage results were calculated.

Broadband coverage and speeds

In March 2017 the UK Government introduced the Universal Service Obligation (USO) for broadband as part of its commitment in the UK Digital Strategy to ensure that the UK has world-class digital connectivity and inclusion.

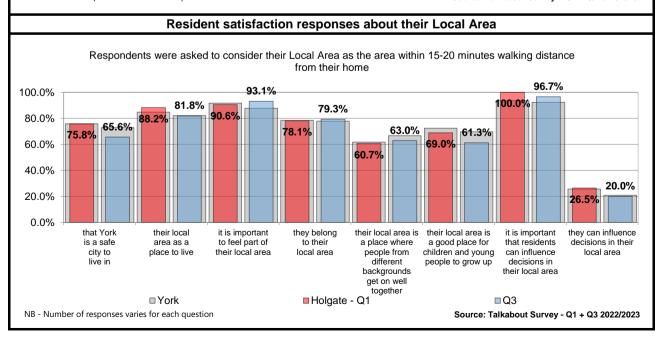

Measure	Holgate	York	Summary
Average download speed (Mb/s)	187.51	177.50	faster than the York average
Superfast broadband availability	96.10%	96.17%	worse than the York average
Connections receiving:			
slowest speeds (under 2 Mb/s)	0.00%	0.04%	lower than the York average
slower speeds (under 10 Mb/s)	0.07%	0.67%	lower than the York average
superfast speeds (over 30 Mb/s)	99.65%	96.32%	higher than the York average

This data is based on analysis of Ofcom's Connected Nations data for 2022/2023. Ofcom collected and analysed data from major fixed telecoms operators (BT, Virgin Media, Sky, Talk Talk, Vodafone and KCOM).

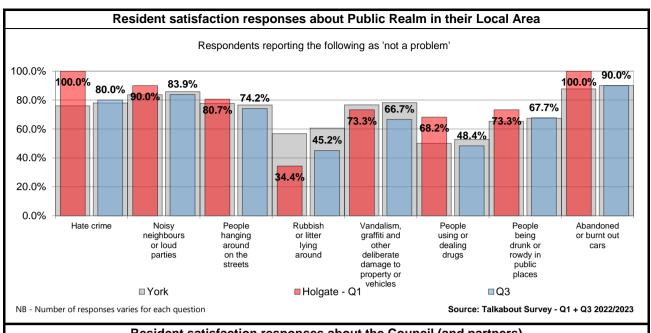

Due to variations in broadband performance over time, Ofcom cautions that the data should not be regarded as a definitive and fixed view of the broadband infrastructure but rather a snapshot of current variation in availability and performance across the country.

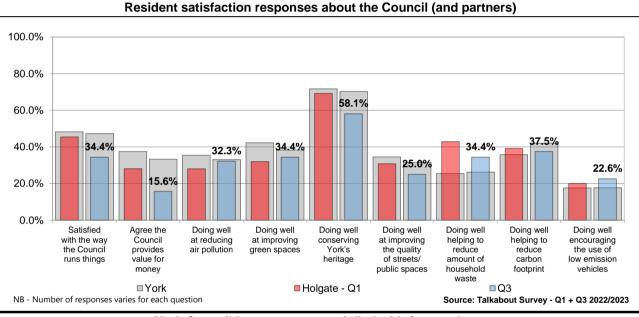

The vast majority of UK homes can now get superfast broadband, which provides download speeds of at least 30 Mbit/s; although more than a quarter who have access to it have not taken it up.

Experian Groups

O Rental Hubs

Young singles and homesharers, rent flats, very high internet use, internet via smartphone, watch videos online.

H Aspiring Homemakers

Families with young children, 3 bedrooms, high outstanding mortgages, internet via smartphone, texts and photos on smartphone.

E Senior Security

Retired singles and couples, pre-war generation, established in community, low internet use, have wills.

G Domestic Success

Families with children, mid to high household income, monthly discretionary income under £1000, very high mortgage debt, internet via smartphone.

N Urban Cohesion

Homesharers in terraces, uber passengers, free mobile phone apps, read news and shop online, visual arts and design sites.

J Transient Renters

Young singles and homesharers, millennials, rent low value terraces, internet via smartphone, high social networking.

F Suburban Stability
