M: Professional, scientific and technical activities, N: Administrative and support service activities, O: Public administration and defence; compulsory social security, P: Education, Q: Human health and social work activities

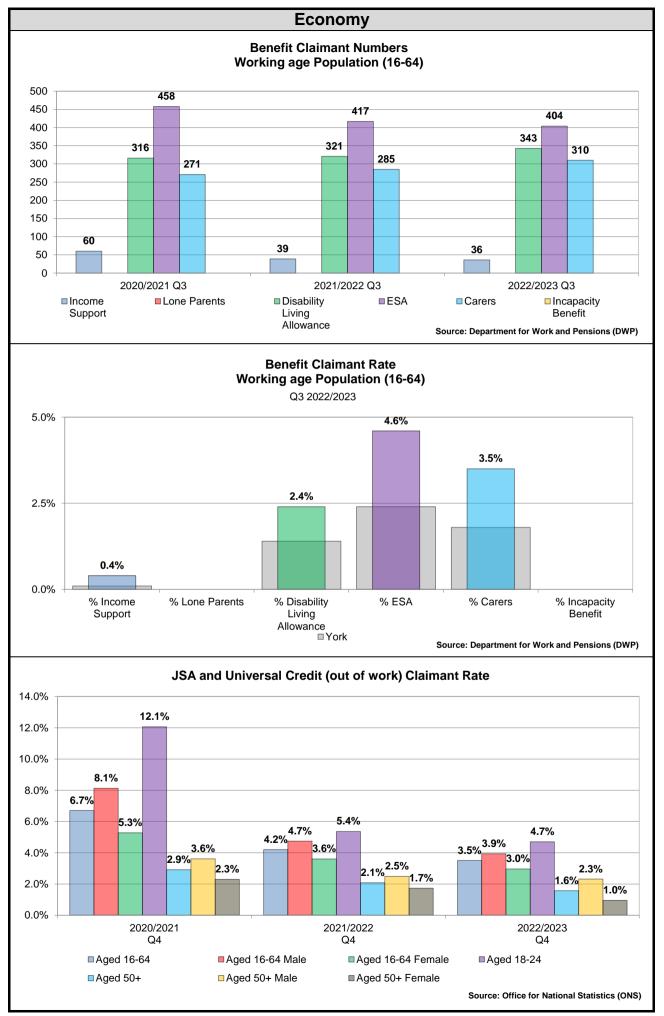

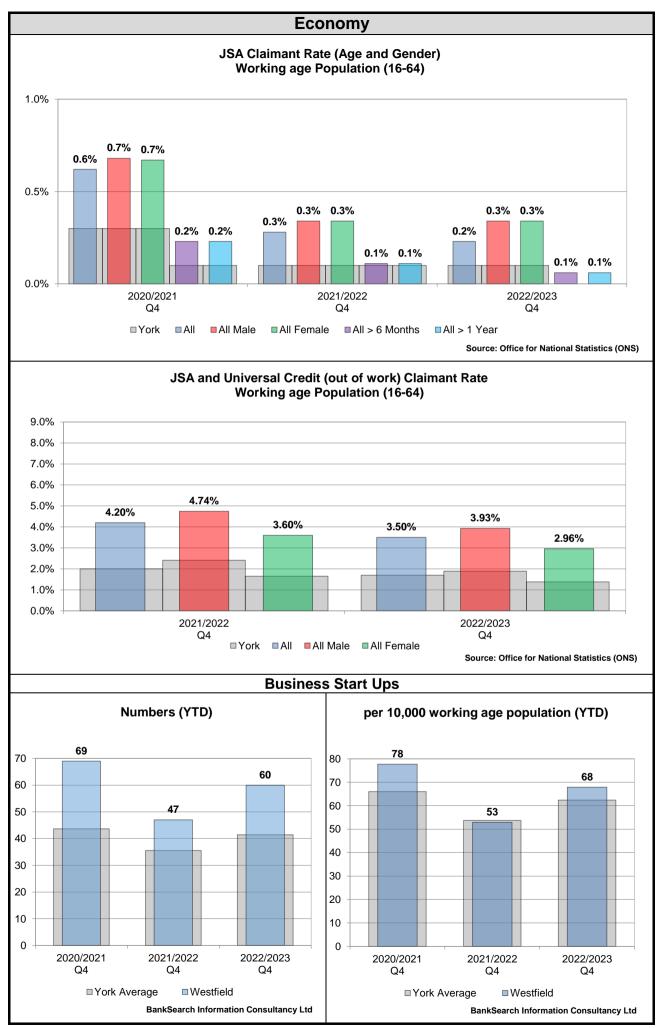

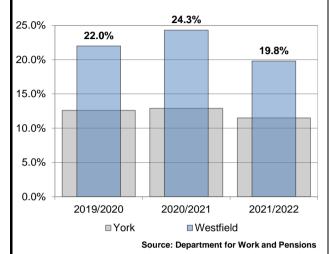

Child Poverty

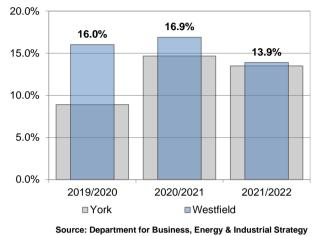

The proportion of children (under 16) who are living in families whose reported income is less than 60 per cent of UK median income

Fuel Poverty

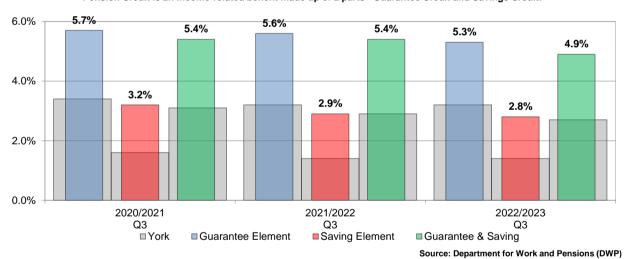

The new fuel poverty metric Low Income Low Energy Efficiency (LILEE) considers a household to be fuel poor if:

- it is living in a property with an energy efficiency rating of band D, E, F or G; and
- its disposable income (income after housing costs (AHC) and energy needs) would be below the poverty line.

Pension Credit

Pension Credit is an income-related benefit made up of 2 parts - Guarantee Credit and Savings Credit.

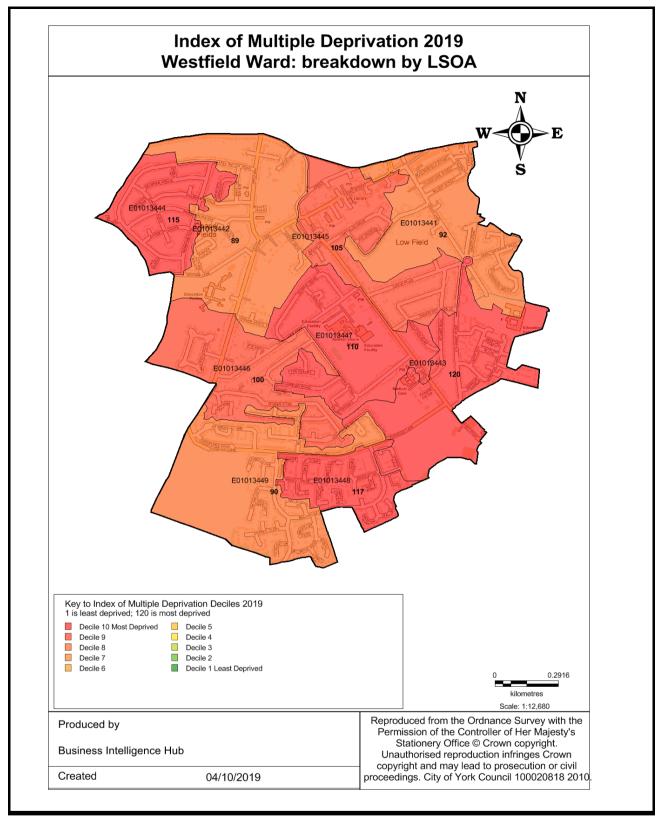

Indices of Multiple Deprivation

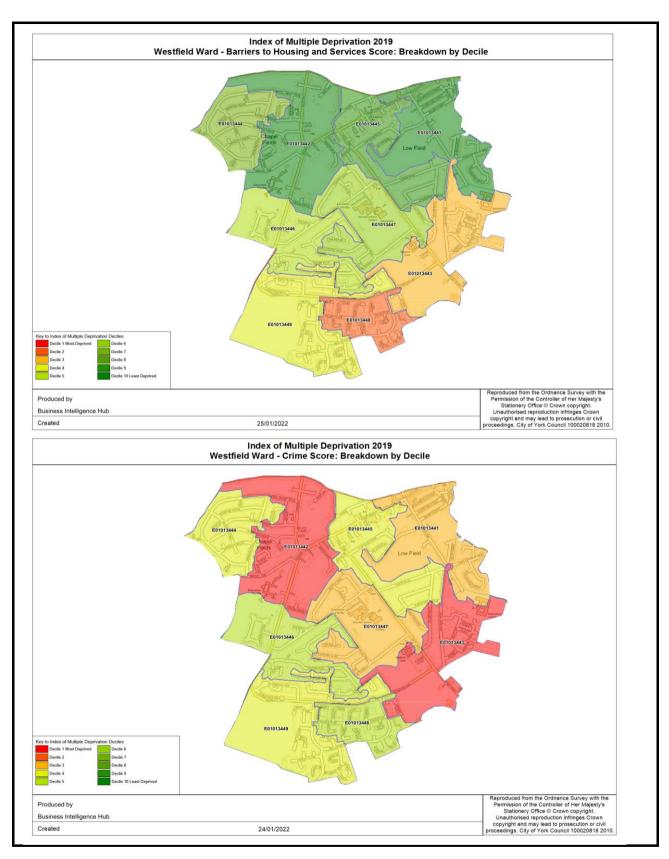

The IMD measures and rates a number of different domains affecting quality of life including income, employment, education and skills, health and disability, crime, barriers to services and quality of living environments. **A high score is bad**.

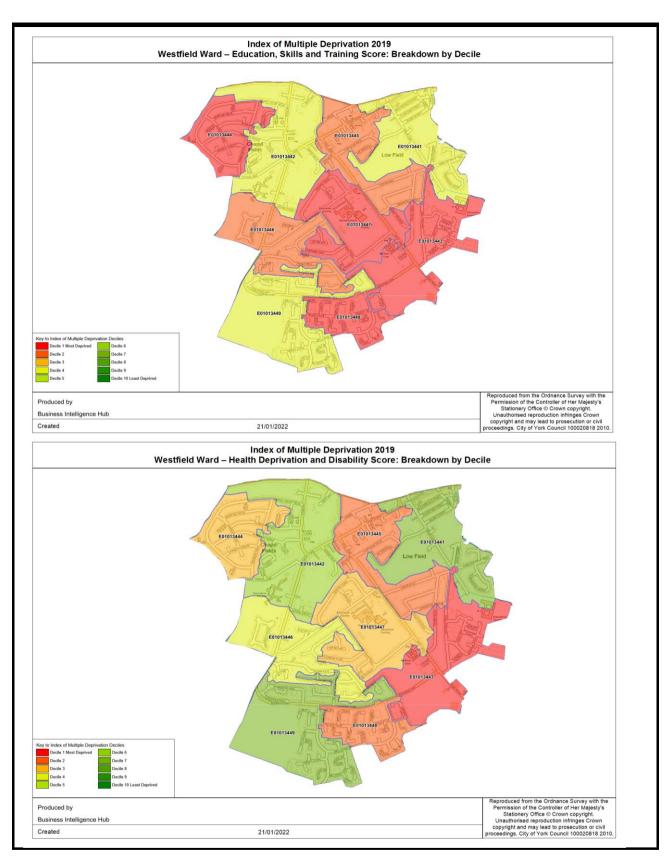

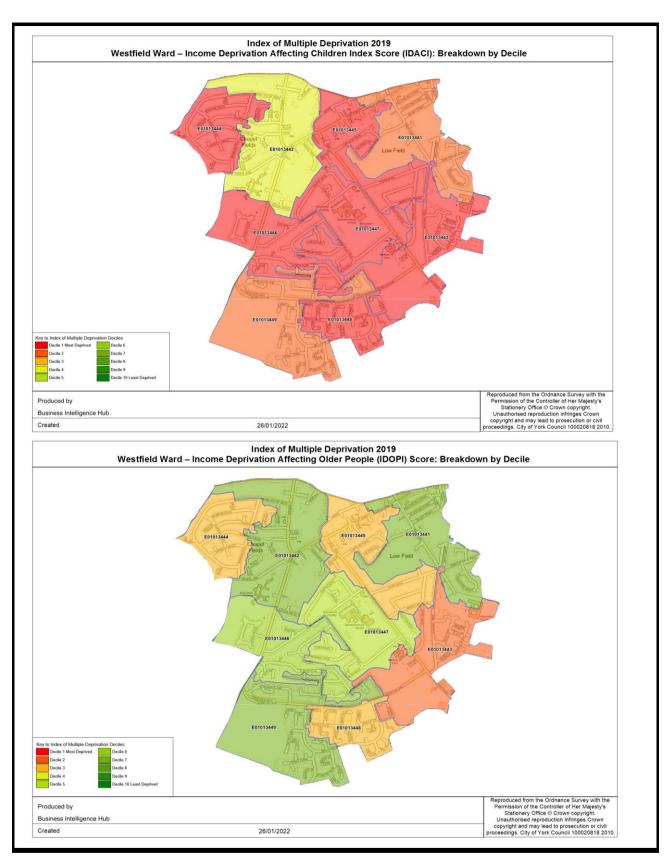

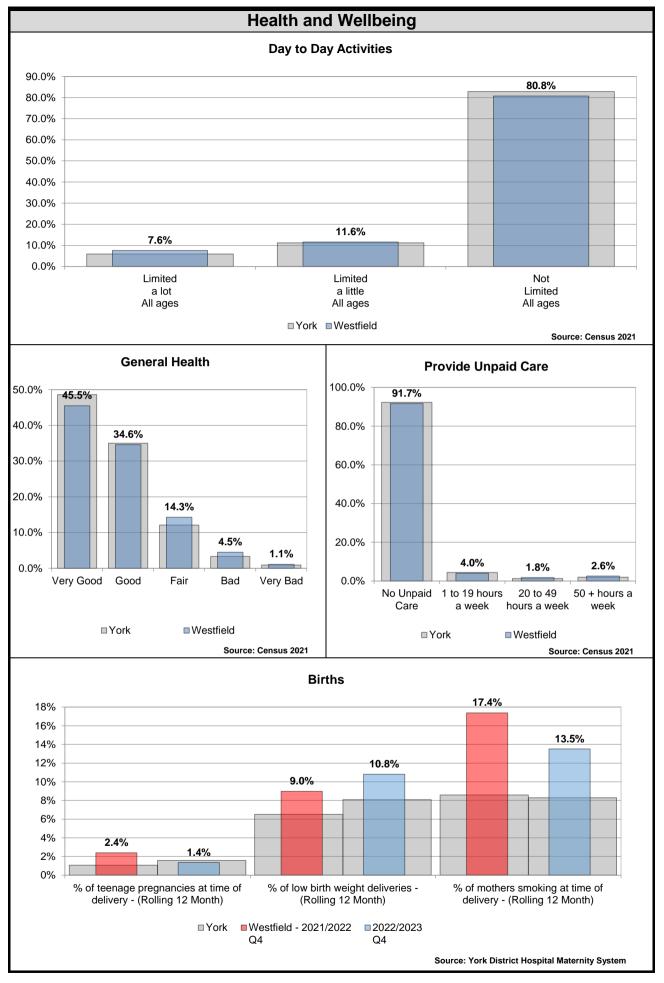

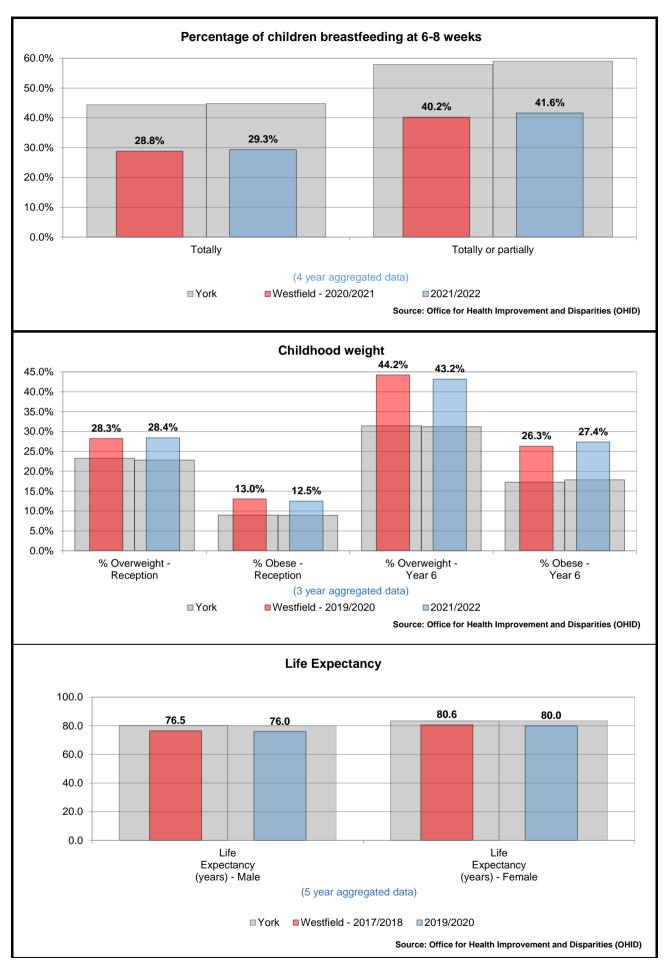

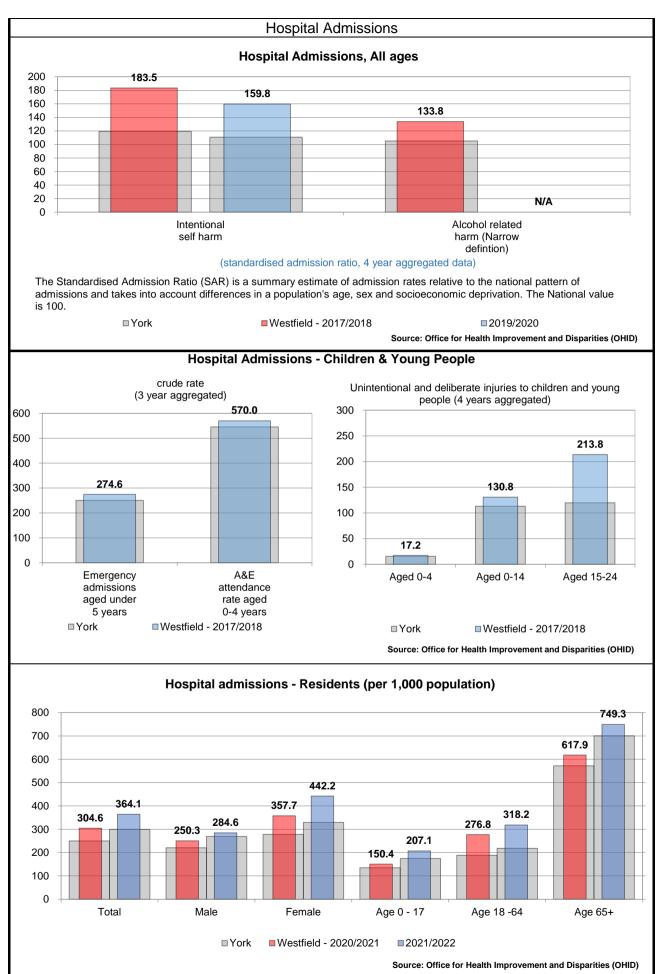

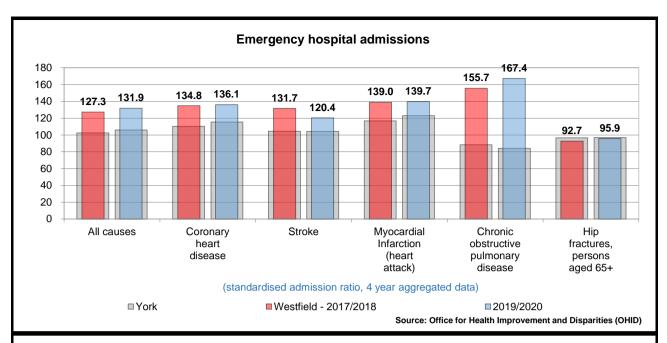

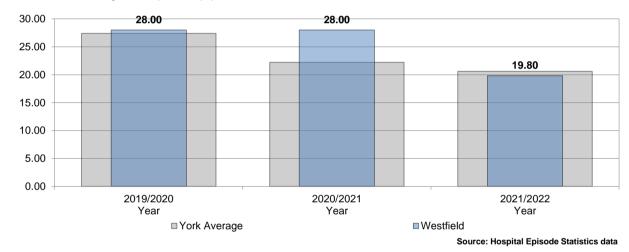

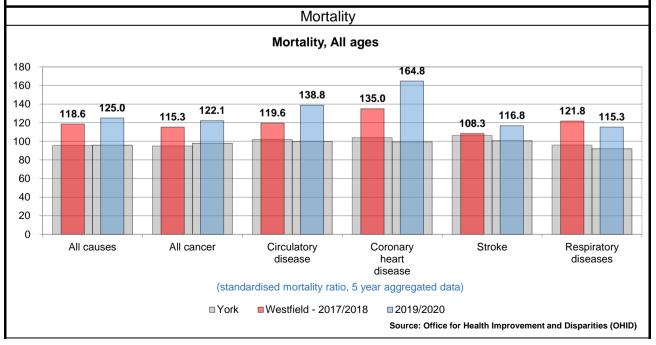

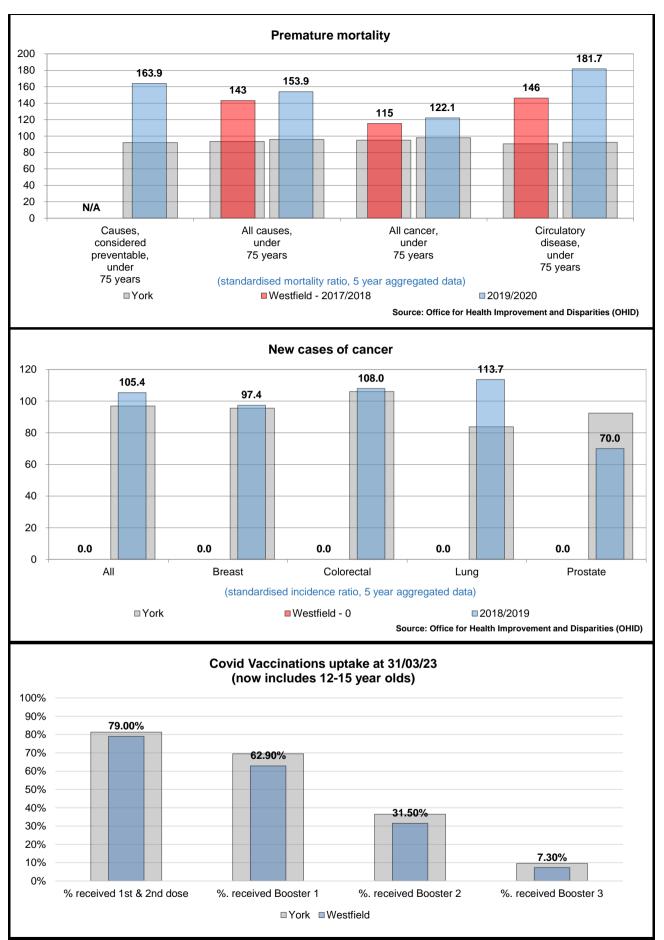

Emergency hospital admissions for injuries resulting from a fall (over 65), per 1,000 population

Falls data: the figures given here are taken from Hospital Episode Statistics data, which takes the number of those aged 65 or over being admitted to hospital on a non-elective basis at least once in each year as a result of a fall and divides it by the number of those of that age group resident in each ward to give a rate per 1,000 population.

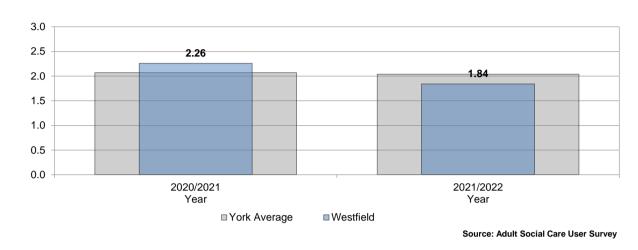

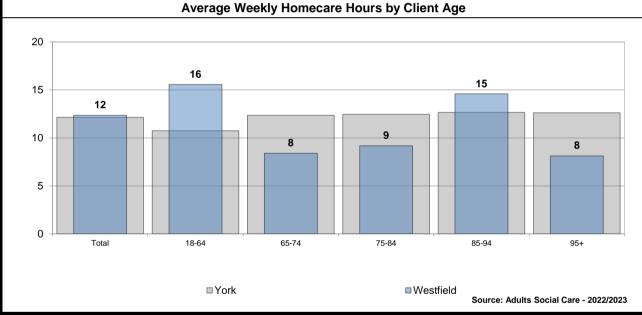

Social isolation

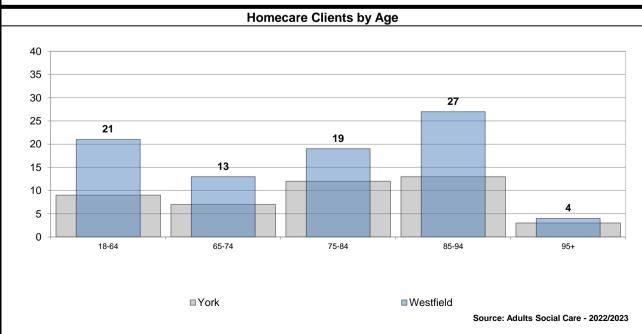

Social isolation: This is based on respondents to two questions on the Adult Social Care Survey regarding social contact and how time is spent.

A score of 1 indicates that the respondent has plenty of social contact and that they spend their time doing things they enjoy A score of 4 indicates that the respondent feels socially isolated and that they don't feel they do anything of value with their time.

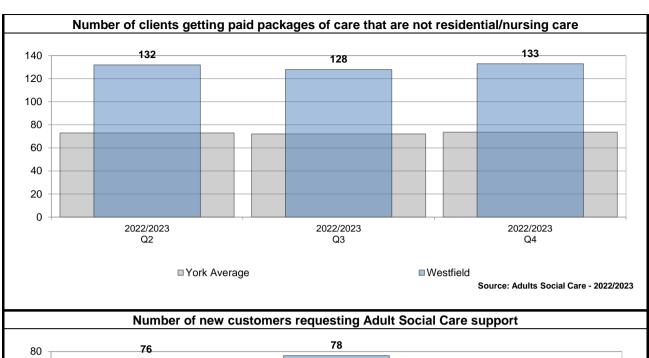

The mean of all respondents' responses to both questions is the score presented here.

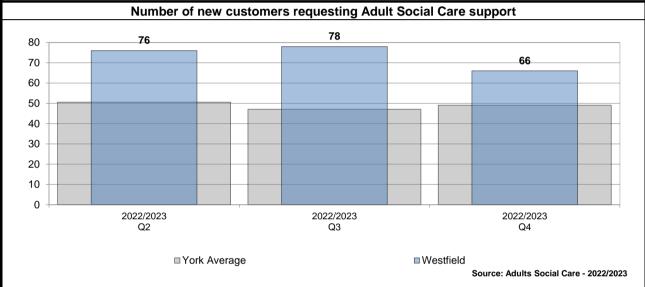

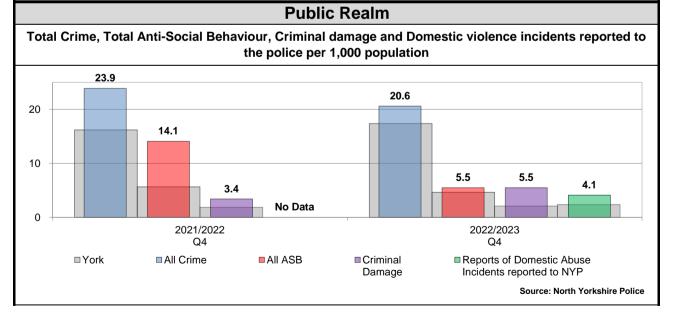

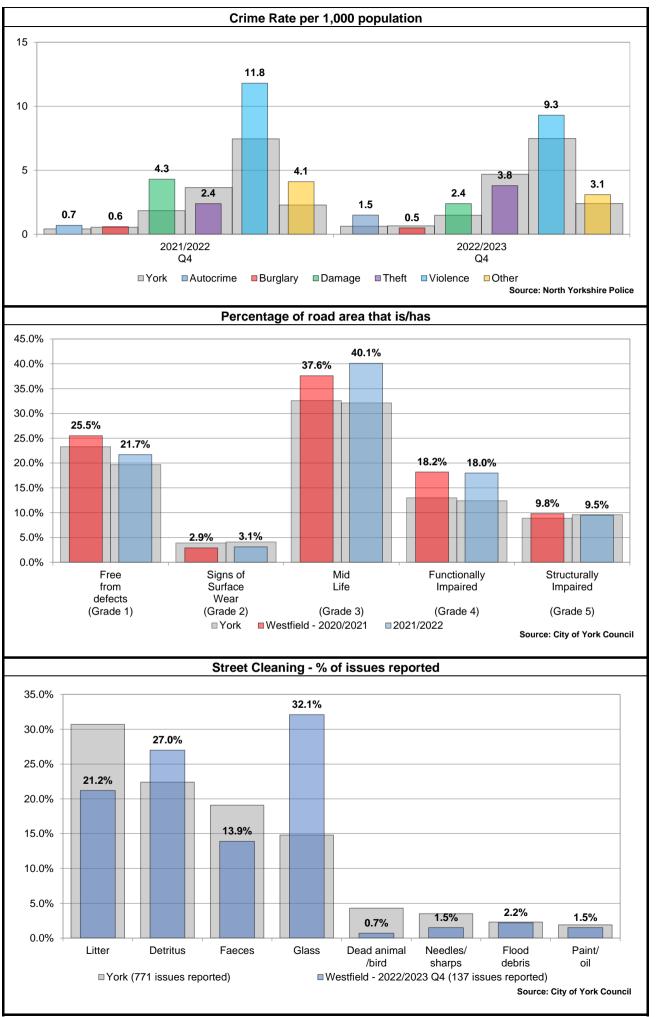

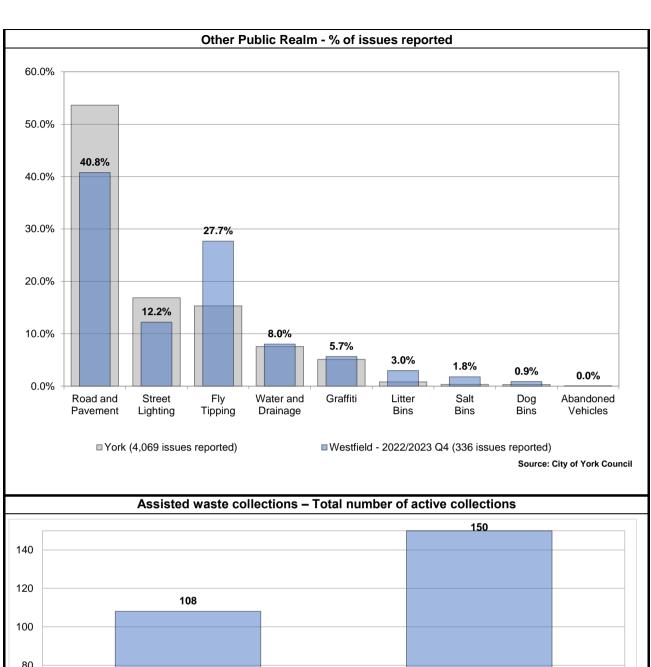

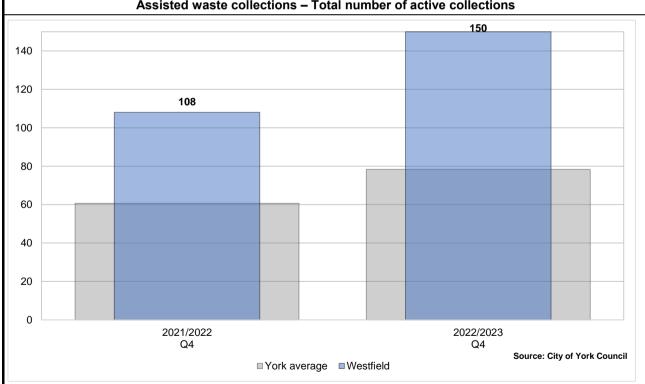

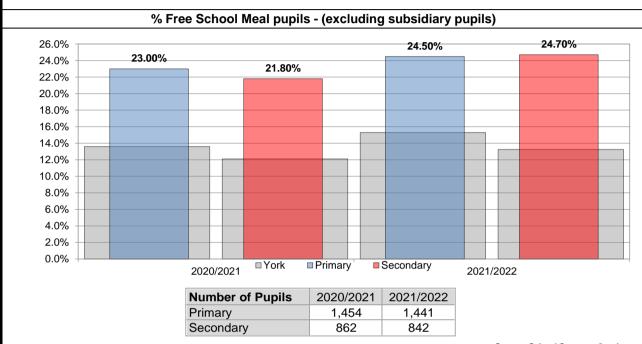

Education and Schools

The following school catchment areas are part of Westfield Ward:

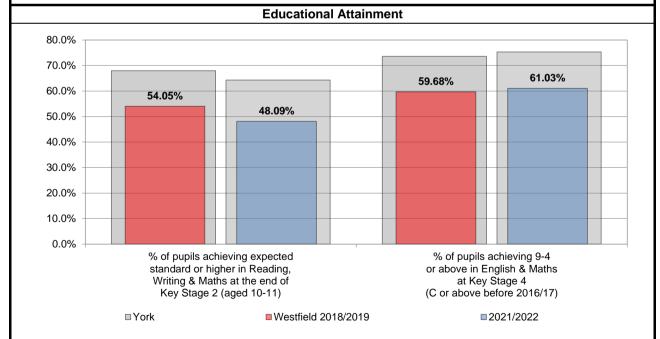

Primary: Acomb School, Hob Moor, Westfield and Woodthorpe.

Secondary: York High.

The following data only relates to those pupils, from this ward, who attend York Schools.

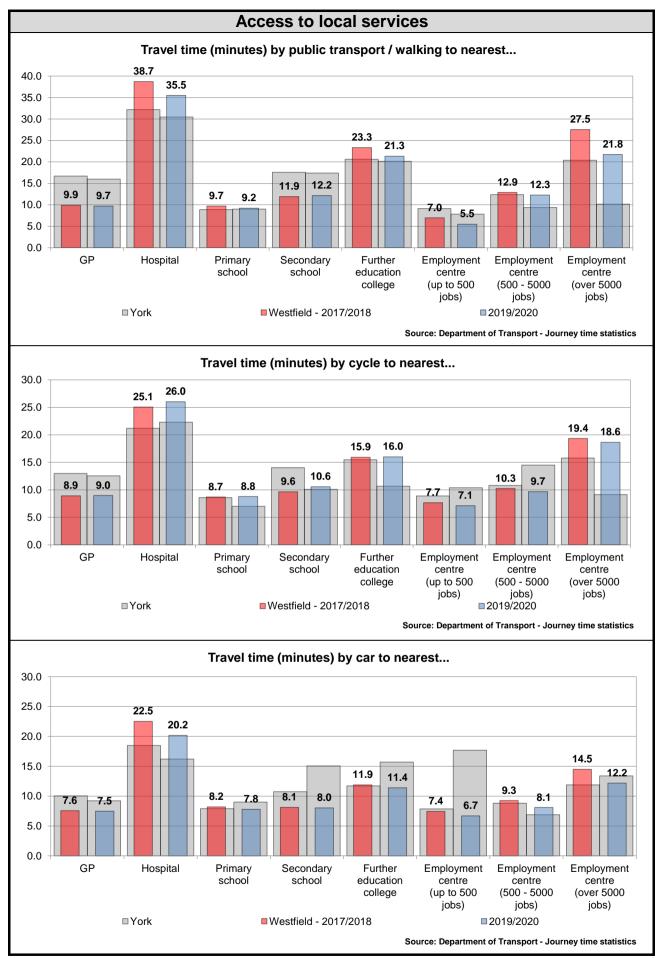

Source: School Census - October

The Department for Education did not release data for 2019-20 or 2020-21 due to the way in which Key Stage results were calculated.

Broadband coverage and speeds

In March 2017 the UK Government introduced the Universal Service Obligation (USO) for broadband as part of its commitment in the UK Digital Strategy to ensure that the UK has world-class digital connectivity and inclusion.

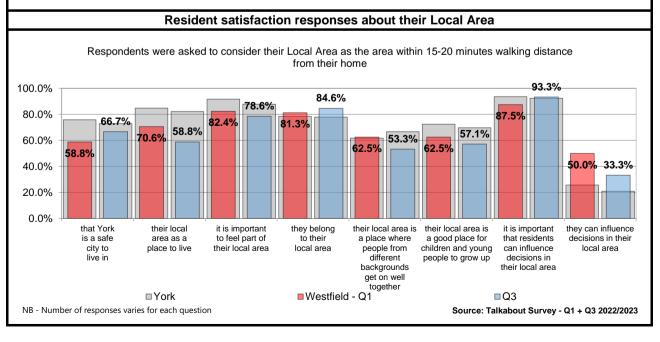

Measure	Westfield	York	Summary
Average download speed (Mb/s)	260.08	177.50	faster than the York average
Superfast broadband availability	97.14%	96.17%	better than the York average
Connections receiving:			
slowest speeds (under 2 Mb/s)	0.00%	0.04%	lower than the York average
slower speeds (under 10 Mb/s)	0.00%	0.67%	lower than the York average
superfast speeds (over 30 Mb/s)	99.91%	96.32%	higher than the York average

This data is based on analysis of Ofcom's Connected Nations data for 2022/2023. Ofcom collected and analysed data from major fixed telecoms operators (BT, Virgin Media, Sky, Talk Talk, Vodafone and KCOM).

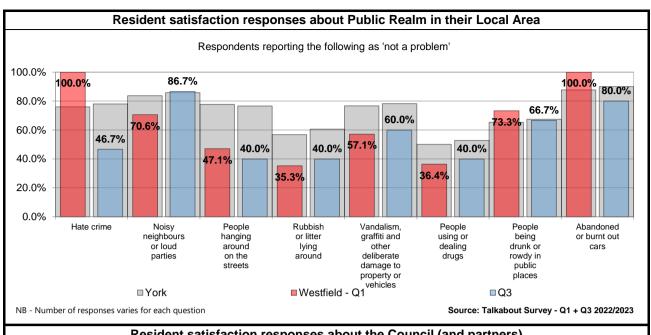

Due to variations in broadband performance over time, Ofcom cautions that the data should not be regarded as a definitive and fixed view of the broadband infrastructure but rather a snapshot of current variation in availability and performance across the country.

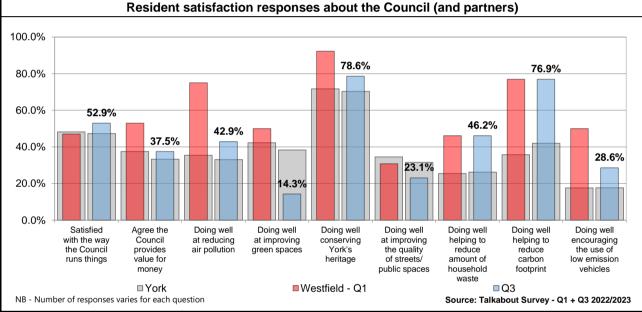

The vast majority of UK homes can now get superfast broadband, which provides download speeds of at least 30 Mbit/s; although more than a quarter who have access to it have not taken it up.

Experian Groups

I Family Basics

Families with lots of children, council/ha tenants, low discretionary income, low affluence, internet via smartphone.

L Vintage Value

Retired singles, council/ha tenants, no qualifications, low discretionary income, low-tech households.

H Aspiring Homemakers

Families with young children, 3 bedrooms, high outstanding mortgages, internet via smartphone, texts and photos on smartphone.

M Modest Traditions

Homeowners, no children, established in community, low discretionary income, watch tv.

E Senior Security

Retired singles and couples, pre-war generation, established in community, low internet use, have wills.

J Transient Renters

Young singles and homesharers, millennials, rent low value terraces, internet via smartphone, high social networking.

K Municipal Tenants

Council/HA flats, densely populated, no qualifications, low discretionary income, low environmental impact gap.

Experian Types

I36 Solid Economy

Council/HA tenants, school-age children, no qualifications, low discretionary income, standard current/savings account.

138 Economical Families

Families with many children, low value terraces, low to mid household income, low discretionary income, internet via smartphone.

I39 Families on a Budget

Single parents, lots of school-age children, council/ha tenants, unemployed, very low income.

K47 Single Essentials

Council/HA tenants, low value, 1 bed flats, no qualifications, low discretionary income, unemployed.

L52 Estate Veterans

Retired singles, council/ha tenants, no qualifications, very low discretionary income, established in community.

H30 Primary Ambitions

Families with young children, 3 bed terraces, vocational qualifications, high outstanding mortgages, internet via smartphone.

M56 Self Supporters

Middle-aged singles, no children, low value, terraced houses, low discretionary income, access internet from home.

I37 Budget Generations

Families with teenage/adult children, 3 bedrooms, low outstanding mortgage, low discretionary income, order from takeaways.

L53 Seasoned Survivors

Retired singles, pre-war generation, no qualifications, worked in metals and mining, fuel and water poverty.

E21 Solo Retirees

Retired singles, no qualifications, own mid-value semis, low income, water poverty.
