Poverty

Child Poverty

The proportion of children (under 16) who are living in families whose reported income is less than 60 per cent of UK median income

Source: HM Revenue & Customs

Fuel Poverty

The new fuel poverty metric Low Income Low Energy Efficiency (LILEE) considers a household to be fuel poor if:

- it is living in a property with an energy efficiency rating of band D, E, F or G; and
- its disposable income (income after housing costs (AHC) and energy needs) would be below the poverty line.

Source: Department for Business, Energy & Industrial Strategy

Pension Credit

Pension Credit is an income-related benefit made up of 2 parts - Guarantee Credit and Savings Credit.

Source: Department for Work and Pensions (DWP)

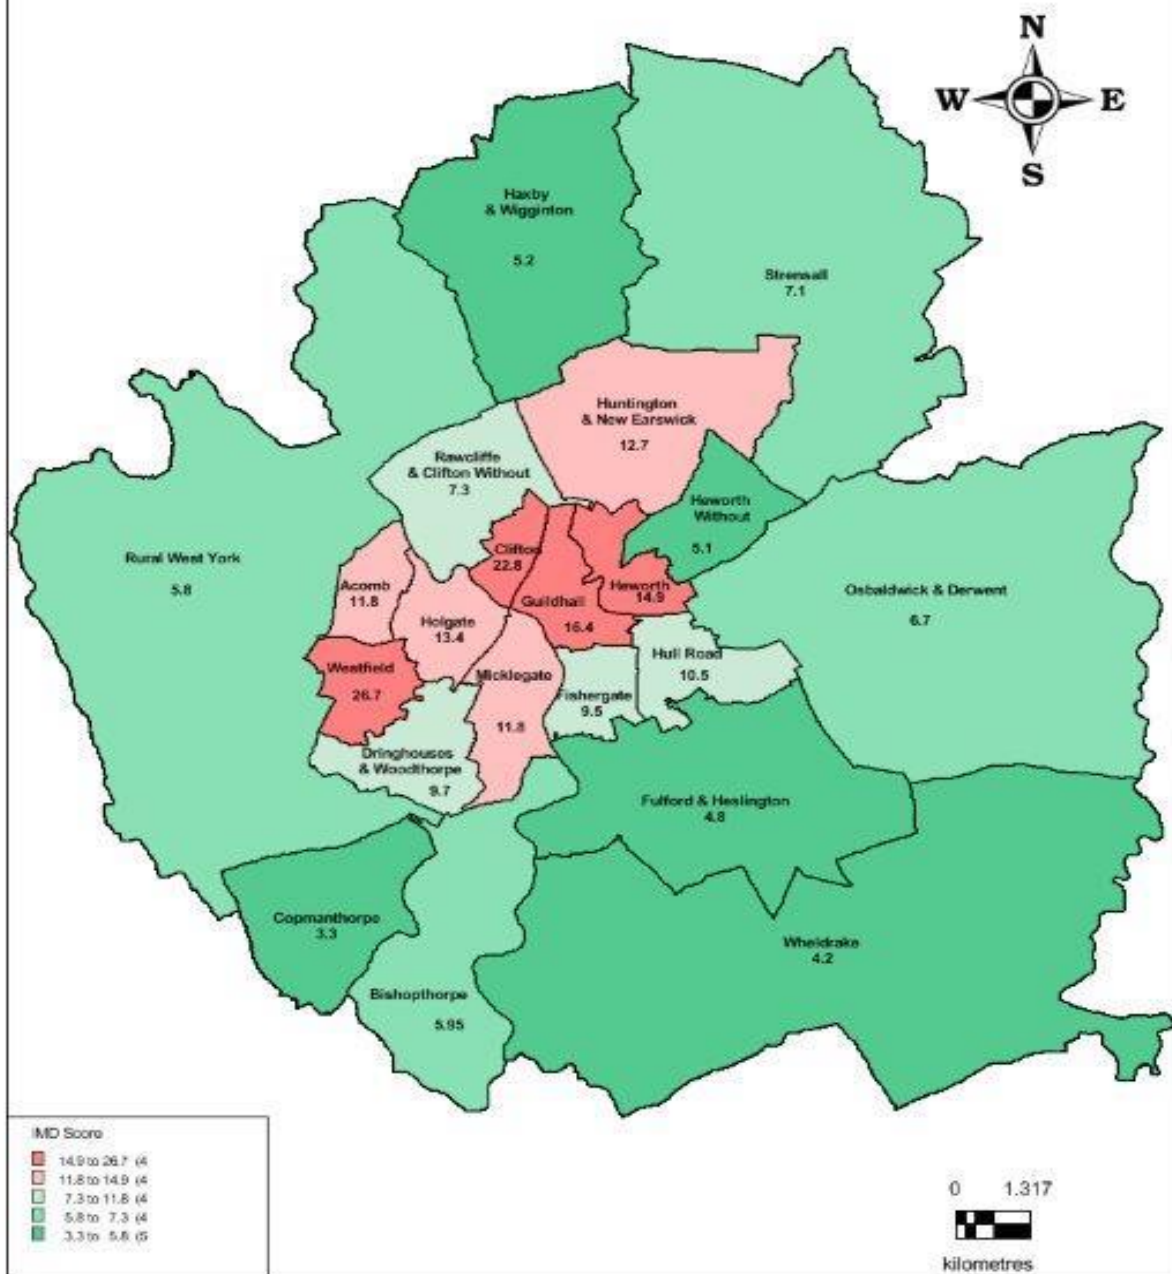

Indices of Multiple Deprivation

The IMD measures and rates a number of different domains affecting quality of life including income, employment, education and skills, health and disability, crime, barriers to services and quality of living environments.

Hospital Admissions - Children & Young People

Emergency hospital admissions

Emergency hospital admissions for injuries resulting from a fall (over 65), per 1,000 population

Falls data: the figures given here are taken from Hospital Episode Statistics data, which takes the number of those aged 65 or over being admitted to hospital on a non-elective basis at least once in each year as a result of a fall and divides it by the number of those of that age group resident in each ward to give a rate per 1,000 population.

York Profile

Mortality

Mortality, All ages

(standardised mortality ratio, 5 year aggregated data)

The standardized mortality ratio or SMR, is a quantity, expressed as either a ratio or percentage quantifying the increase or decrease in mortality of a study cohort with respect to the general population.

New cases of cancer

(standardised incidence ratio, 5 year aggregated data)

The standardized incidence ratio (SIR) is an estimate of the occurrence of cancer in a population relative to what might be expected if the population had the same cancer experience as some larger comparison population designated as "normal" or average.

■ National

York Profile

Broadband coverage and speeds

In March 2017 the UK Government introduced the Universal Service Obligation (USO) for broadband as part of its commitment in the UK Digital Strategy to ensure that the UK has world-class digital connectivity and inclusion.

| Measure | York | National | Summary |
|----------------------------------|--------|----------|----------------------------------|
| Average download speed (Mb/s) | 159.30 | 82.60 | faster than the National average |
| Superfast broadband availability | 95.53% | 95.86% | worse than the National average |
| Connections receiving: | | | |
| slowest speeds (under 2 Mb/s) | 0.03% | 0.25% | lower than the National average |
| slower speeds (under 10 Mb/s) | 0.64% | 1.18% | lower than the National average |
| superfast speeds (over 30 Mb/s) | 95.17% | 94.19% | higher than the National average |

This data is based on analysis of Ofcom's Connected Nations data for 2021/2022. Ofcom collected and analysed data from major fixed telecoms operators (BT, Virgin Media, Sky, Talk Talk, Vodafone and KCOM). The availability data also includes coverage information provided by alternative network providers (B4RN, BU-UK, City Fibre, Gigaclear, Hyperoptic, ITS and Relish). Due to variations in broadband performance over time, Ofcom cautions that the data should not be regarded as a definitive and fixed view of the broadband infrastructure but rather a snapshot of current variation in availability and performance across the country. Due to privacy concerns Ofcom did not present the information in postcodes with fewer than four broadband connections.

Experian Groups

O Rental Hubs

Young singles and homesharers, rent flats, very high internet use, internet via smartphone, watch videos online.

E Senior Security

Retired singles and couples, pre-war generation, established in community, low internet use, have wills.

G Domestic Success

Families with children, mid to high household income, monthly discretionary income under £1000, very high mortgage debt, internet via smartphone.

H Aspiring Homemakers

Families with young children, 3 bedrooms, high outstanding mortgages, internet via smartphone, texts and photos on smartphone.

B Prestige Positions

Own large, detached houses, highly educated, high discretionary income, garden or allotment, pay credit cards in full.

F Suburban Stability

Older families, no children, own mid-value semis, 3 bedrooms, established in community, news and media sites.

I Family Basics

Families with lots of children, council/ha tenants, low discretionary income, low affluence, internet via smartphone.

Experian Types

O61 Career Builders

York Profile

Young singles and homesharers, rent flats, university degrees, work full-time, access internet at work.

G29 Mid-Career Convention

Married couples, 2+ children, generation x, homeowners, outstanding mortgage.

N60 Ageing Access

Retired singles, baby boomers, purpose built flats, 1 or 2 bedrooms, no outstanding mortgage.

E18 Legacy Elders

Retired singles, pre-war generation, university degrees, homeowners, no outstanding mortgage.

B09 Empty-Nest Adventure

Married couples, no children, baby boomers, large, detached houses, highly educated, high discretionary income.

O62 Central Pulse

Rent 1 bed flats, university degrees, access internet at work, electric central heating, low environmental impact gap.

H30 Primary Ambitions

Families with young children, 3 bed terraces, vocational qualifications, high outstanding mortgages, internet via smartphone.

I36 Solid Economy

Council/HA tenants, school-age children, no qualifications, low discretionary income, standard current/savings account.

E19 Bungalow Haven

Pre-war generation, own bungalows, no outstanding mortgage, university degrees, pay credit cards in full.

E20 Classic Grandparents

Retired couples, established in community, no qualifications, low internet use, have wills.
