Broadband coverage and speeds

YORK

In March 2017 the UK Government introduced the Universal Service Obligation (USO) for broadband as part of its commitment in the UK Digital Strategy to ensure that the UK has world-class digital connectivity and inclusion.

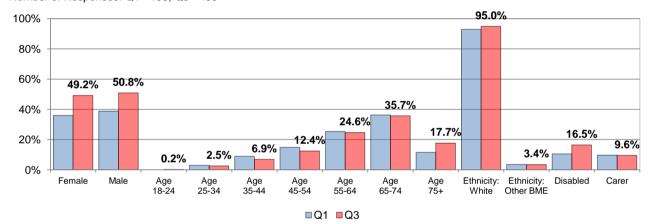

Measure	York	National	Summary
Average download speed (Mb/s)	102.90	44.62	slower than the National average
Superfast broadband availability	92.00%	91.39%	worse than the National average
Connections receiving:			
slowest speeds (under 2 Mb/s)	1.00%	2.32%	lower than the National average
slower speeds (under 10 Mb/s)	1.00%	24.02%	lower than the National average
superfast speeds (over 30 Mb/s)	42.00%	48.95%	lower than the National average

This data is based on House of Commons Library analysis of Ofcom's Connected Nations data. Ofcom collected and analysed data from major fixed telecoms operators (BT, Virgin Media, Sky, Talk Talk, Vodafone and KCOM). The availability data also includes coverage information provided by alternative network providers (B4RN, BU-UK, City Fibre, Gigaclear, Hyperoptic, ITS and Relish). Due to variations in broadband performance over time, Ofcom cautions that the data should not be regarded as a definitive and fixed view of the broadband infrastructure but rather a snapshot of current variation in availability and performance across the country.
