

City of York Safeguarding Children Partnership (CYSCP) Survey - Privacy Notice

We keep the privacy notice for staff surveys under regular review and we have used it to provide the privacy notice specific to the CYSCP Harmful Sexual Behaviour Awareness Survey which is taking place from 29th May 2023 to 11th June 2023. When we use your personal data, City of York Council (CYC) complies with data protection legislation, and is the registered 'Controller'. Our data protection notification is registered with the Information Commissioner's Office (ICO) – reference Z5809563.

Why will information be collected?

The Business Intelligence Hub is commissioned to conduct surveys and collect data, at times including personal information, on behalf of various council services.

Much work has been carried out by the CYSCP to promote awareness of harmful sexual behaviour, including the development of training and resources for practitioners.

This audit is being carried out to assess the effectiveness of this work, and to identify what harmful sexual behaviour looks like in York, and whether there is a shared understanding of what constitutes harmful sexual behaviour, and whether practitioners are aware of resources available to them and the appropriate responses to any incidents.

Feedback from this audit will be used to inform the CYSCPs decisions about the usefulness of the harmful sexual behaviour resources and where and how to disseminate further information about them.

This survey is anonymous and we do not ask for personal information. We will explain why we are collecting personal data and will only use it with your explicit and informed consent.

Participation is voluntary and you can choose not to answer some of the survey questions. You can withdraw your consent at any time, by contacting: cyscp@york.gov.uk

What information will be collected?

We do not ask for contact details, names or addresses in the feedback for the CYSCP Harmful Sexual Behaviour Awareness Survey. However, we will collect your personal information as we will ask for your thoughts and opinions. You do not have to answer any questions you do not want to and whether the participant is a practitioner or partner.

What will we do with the information?

We will use the feedback from the survey to inform the CYSCPs decisions about the usefulness of the harmful sexual behaviour resources and where and how to disseminate further information about them. This will ultimately impact on the support for children and young people suspected of harmful sexual behaviours.

The information we collect will be included in presentations, reports and performance framework. Any data for publication or use outside of the authorised officers will be anonymised and will not identify any individuals.

We will not use the data for any other purpose than stated and will not disclose to a third party i.e. other companies or individuals, unless we are required to do so by law for the prevention of crime and detection of fraud, etc.

Online data will be collected using SurveyMonkey. To find out how they use your information, please click [here](#).

Where will the information be kept

We will keep the information you give us and your personal data in the council's secure network drive and make sure it can only be accessed by authorised staff.

Where you complete a paper copy of a survey we will transfer the information you have given onto the council's secure network drive and then securely destroy the paper copy once the transfer is complete.

How long will we keep the information?

We will keep the information you give us and your personal data for up to three years and then will securely destroy it. Where required or appropriate to, at the end of the retention period, we will pass onto the City Archives any relevant information.

Further Processing

If we wish to use your personal data for a new purpose, not covered by this Privacy Notice, we will provide you with a new notice explaining the purpose prior to commencing the processing and the processing conditions. Where and whenever necessary, we will seek your consent prior to the new processing.
