Hospital Admissions

Hospital Admissions, All ages
(standardised admission ratio, 5 year aggregated data)

The Standardised Admission Ratio (SAR) is a summary estimate of admission rates relative to the national pattern of admissions and takes into account differences in a population's age, sex and socioeconomic deprivation. The National value is 100.

Emergency hospital admissions for injuries resulting from a fall (over 65), per 1,000 population

Falls data: the figures given here are taken from Hospital Episode Statistics data, which takes the number of those aged 65 or over being admitted to hospital on a non-elective basis at least once in each year as a result of a fall and divides it by the number of those of that age group resident in each ward to give a rate per 1,000 population.

Adult Social Care

Social isolation

Social isolation: This is based on respondents to two questions on the Adult Social Care Survey regarding social contact and how time is spent.
A score of 1 indicates that the respondent has plenty of social contact and that they spend their time doing things they enjoy
A score of 4 indicates that the respondent feels socially isolated and that they don't feel they do anything of value with their time.

The mean of all respondents' responses to both questions is the score presented here.

Broadband coverage and speeds			

In March 2017 the UK Government introduced the Universal Service Obligation (USO) for broadband as part of its commitment in the UK Digital Strategy to ensure that the UK has world-class digital connectivity and inclusion.

| Measure	Clifton	York	Summary
Average download speed (Mb/s)	270.52	177.50	faster than the York average
Superfast broadband availability	96.54%	96.17%	better than the York average
Connections receiving:			
slowest speeds (under 2 Mb/s)	0.00%	0.04%	lower than the York average
slower speeds (under 10 Mb/s)	0.39%	0.67%	lower than the York average
superfast speeds (over 30 Mb/s)	99.61%	96.32%	higher than the York average

This data is based on analysis of Ofcom's Connected Nations data for 2022/2023. Ofcom collected and analysed data from major fixed telecoms operators (BT, Virgin Media, Sky, Talk Talk, Vodafone and KCOM).
Due to variations in broadband performance over time, Ofcom cautions that the data should not be regarded as a definitive and fixed view of the broadband infrastructure but rather a snapshot of current variation in availability and performance across the country.
The vast majority of UK homes can now get superfast broadband, which provides download speeds of at least 30 Mbit/s; although more than a quarter who have access to it have not taken it up.

Resident Engagement

Resident responses about the Local Economy

Respondents who are retired or not working due to long term illness or disability were ineligible to answer the following

Experian Groups

I Family Basics

Families with lots of children, council/ha tenants, low discretionary income, low affluence, internet via smartphone.

O Rental Hubs

Young singles and homesharers, rent flats, very high internet use, internet via smartphone, watch videos online.

A City Prosperity

Urban areas, high value flats, high income, cosmopolitan lifestyles, high-tech homes.

N Urban Cohesion

Homesharers in terraces, uber passengers, free mobile phone apps, read news and shop online, visual arts and design sites.

L Vintage Value

Retired singles, council/ha tenants, no qualifications, low discretionary income, low-tech households.

H Aspiring Homemakers

Families with young children, 3 bedrooms, high outstanding mortgages, internet via smartphone, texts and photos on smartphone.

G Domestic Success

Families with children, mid to high household income, monthly discretionary income under £1000, very high mortgage debt, internet via smartphone.

Experian Types

O61 Career Builders

Young singles and homesharers, rent flats, university degrees, work full-time, access internet at work.

I36 Solid Economy

Council/HA tenants, school-age children, no qualifications, low discretionary income, standard current/savings account.

A02 Uptown Elite

Expensive properties, high income, quality news, waitrose, uber passengers.

N60 Ageing Access

Retired singles, baby boomers, purpose built flats, 1 or 2 bedrooms, no outstanding mortgage.

I38 Economical Families

Families with many children, low value terraces, low to mid household income, low discretionary income, internet via smartphone.

K47 Single Essentials

Council/HA tenants, low value, 1 bed flats, no qualifications, low discretionary income, unemployed.

G26 Cafés and Catchments

Families with children, generation x, university degrees, high value, pre-war properties, mid to high household income.

H30 Primary Ambitions

Families with young children, 3 bed terraces, vocational qualifications, high outstanding mortgages, internet via smartphone.

I37 Budget Generations

Families with teenage/adult children, 3 bedrooms, low outstanding mortgage, low discretionary income, order from takeaways.

L52 Estate Veterans

Retired singles, council/ha tenants, no qualifications, very low discretionary income, established in community.
