### Poverty

#### Children in Poverty

The proportion of children living in families in receipt of out-of-work (means-tested) benefits or in receipt of tax credits where their reported income is less than 60 per cent of UK median income.

Source: HM Revenue & Customs

#### Fuel Poverty

The Low Income High Costs indicator is a twin indicator consisting of:

- the number of households that have both low incomes and high fuel costs; and
- the depth of fuel poverty amongst these fuel poor households. This is measured through a fuel poverty gap which represents the difference between the required fuel costs for each household and the median required fuel costs.
