### **Child Poverty**

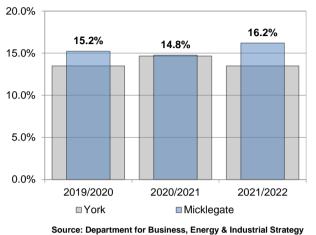

The proportion of children (under 16) who are living in families whose reported income is less than 60 per cent of UK median income

#### **Fuel Poverty**

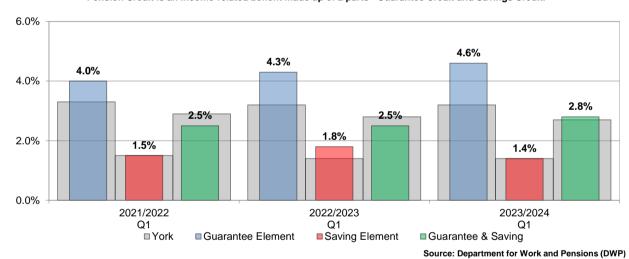

The new fuel poverty metric Low Income Low Energy Efficiency (LILEE) considers a household to be fuel poor if:

- it is living in a property with an energy efficiency rating of band D, E, F or G; and
- its disposable income (income after housing costs (AHC) and energy needs) would be below the poverty line.

#### **Pension Credit**

Pension Credit is an income-related benefit made up of 2 parts - Guarantee Credit and Savings Credit.

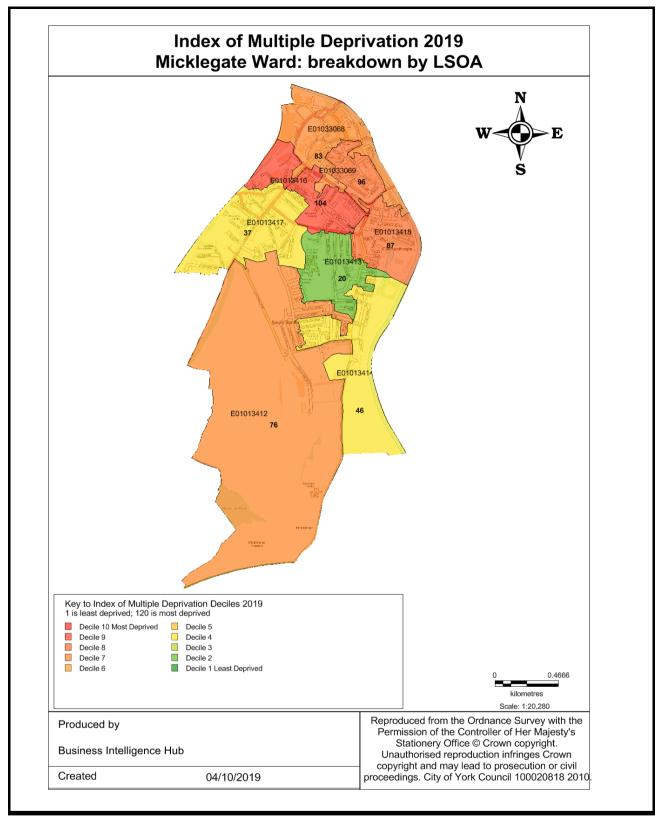

## **Indices of Multiple Deprivation**

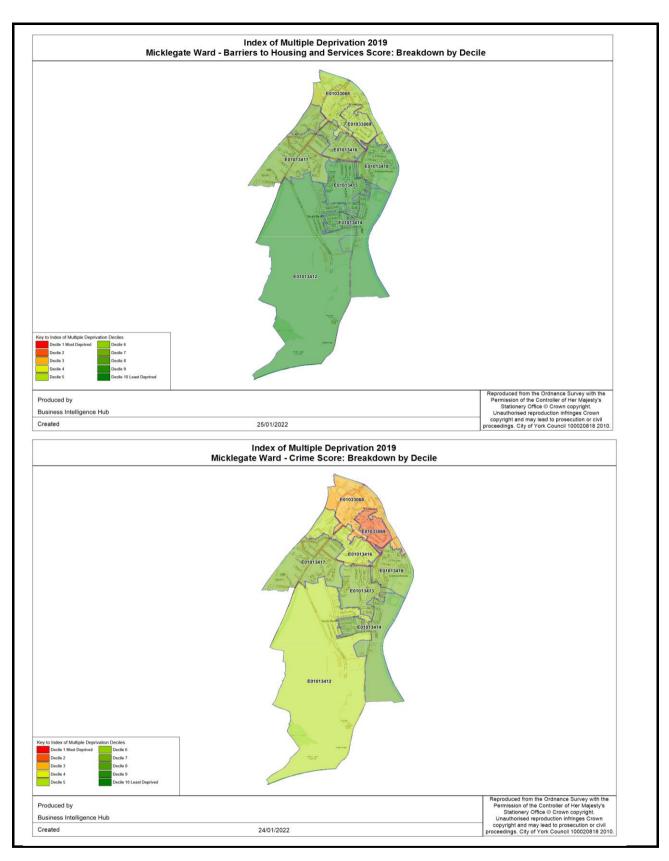

The IMD measures and rates a number of different domains affecting quality of life including income, employment, education and skills, health and disability, crime, barriers to services and quality of living environments. **A high score is** 

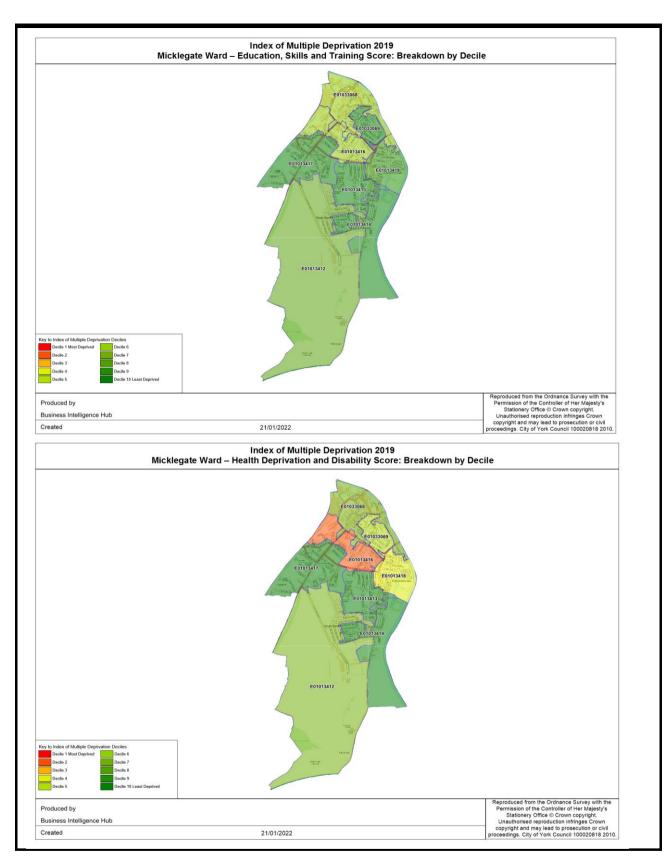

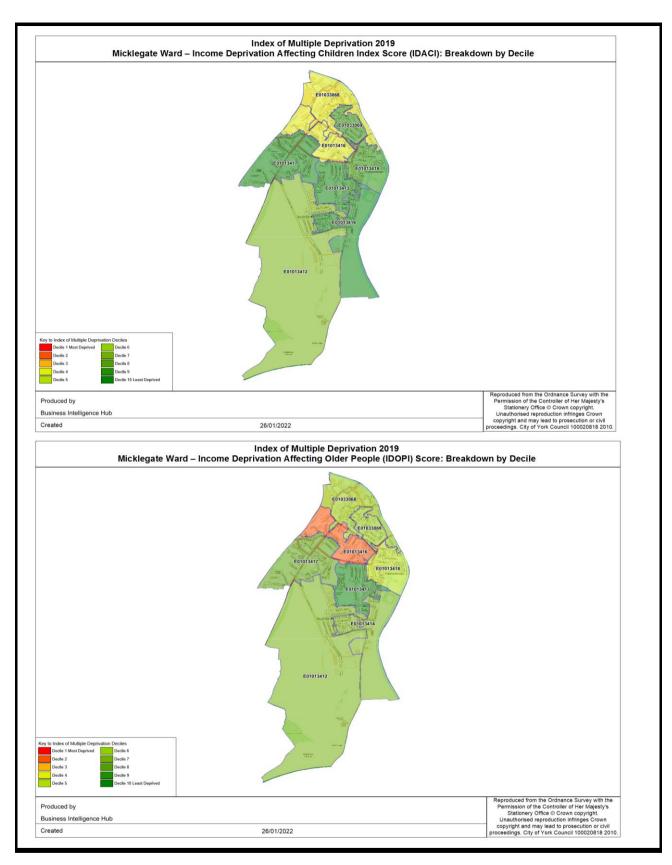

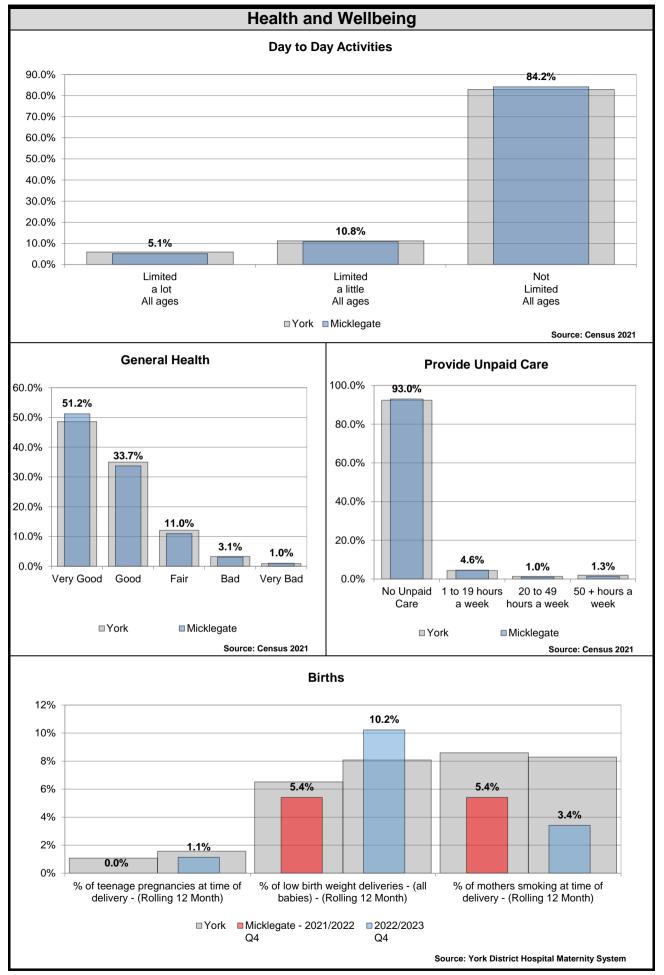

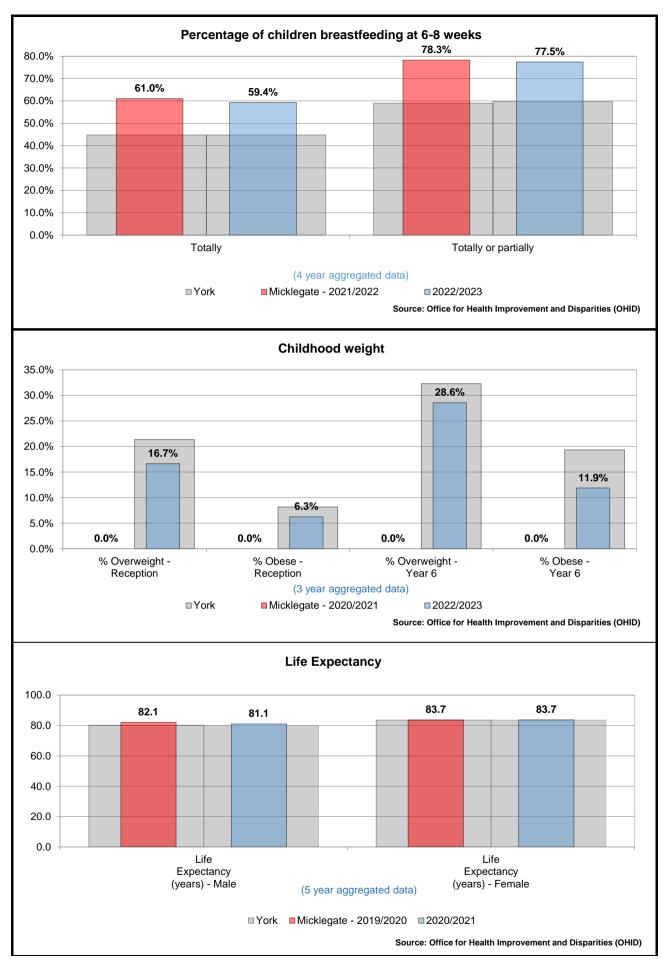

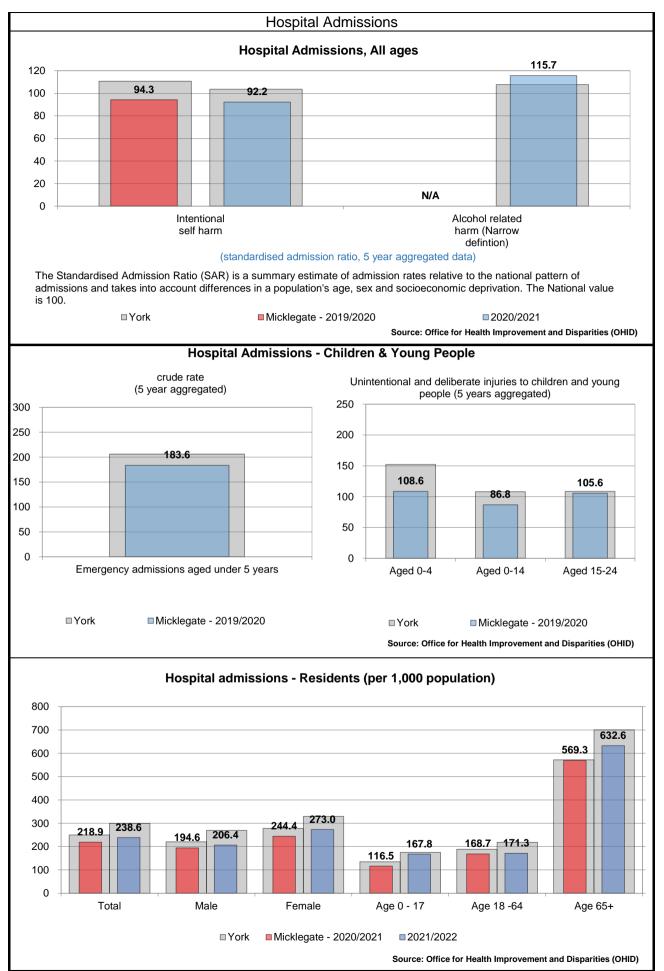

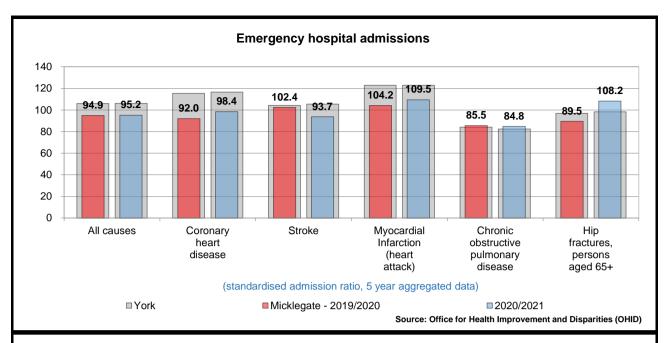

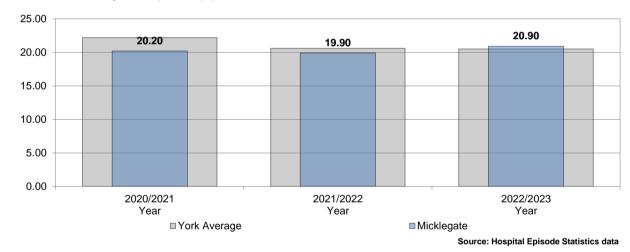

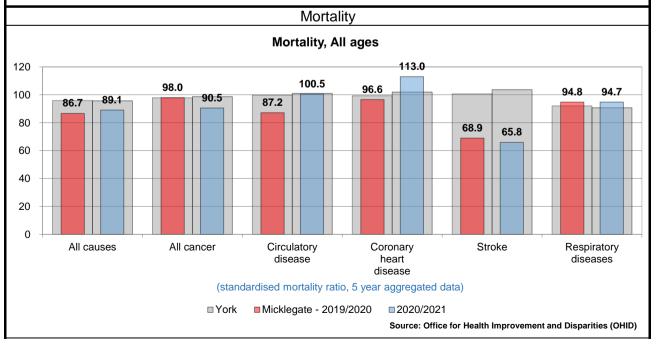

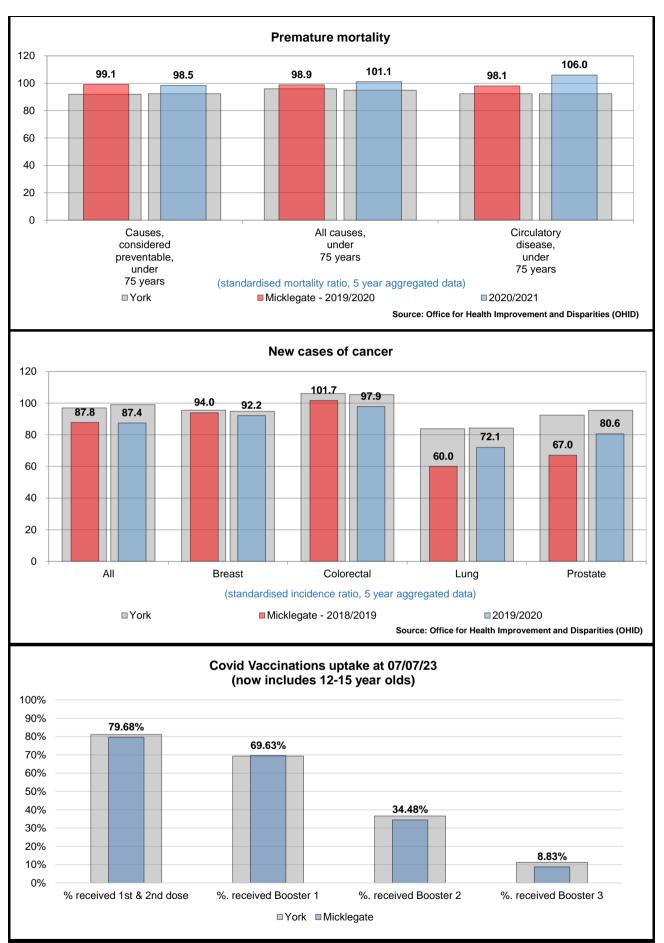

# Emergency hospital admissions for injuries resulting from a fall (over 65), per 1,000 population

Falls data: the figures given here are taken from Hospital Episode Statistics data, which takes the number of those aged 65 or over being admitted to hospital on a non-elective basis at least once in each year as a result of a fall and divides it by the number of those of that age group resident in each ward to give a rate per 1,000 population.

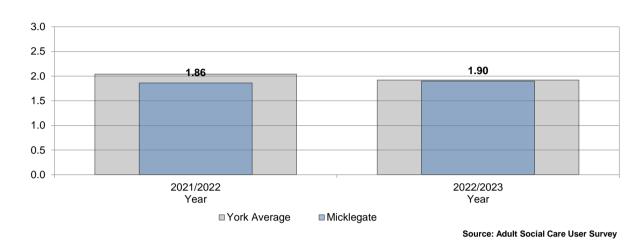

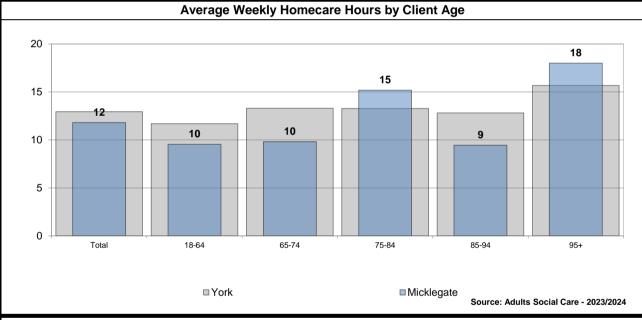

#### Social isolation

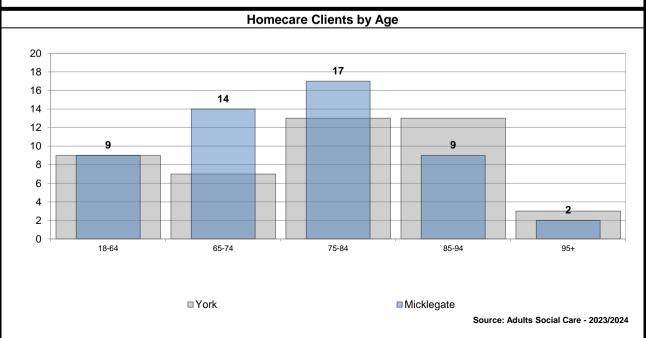

Social isolation: This is based on respondents to two questions on the Adult Social Care Survey regarding social contact and how time is spent.

A score of 1 indicates that the respondent has plenty of social contact and that they spend their time doing things they enjoy A score of 4 indicates that the respondent feels socially isolated and that they don't feel they do anything of value with their time.

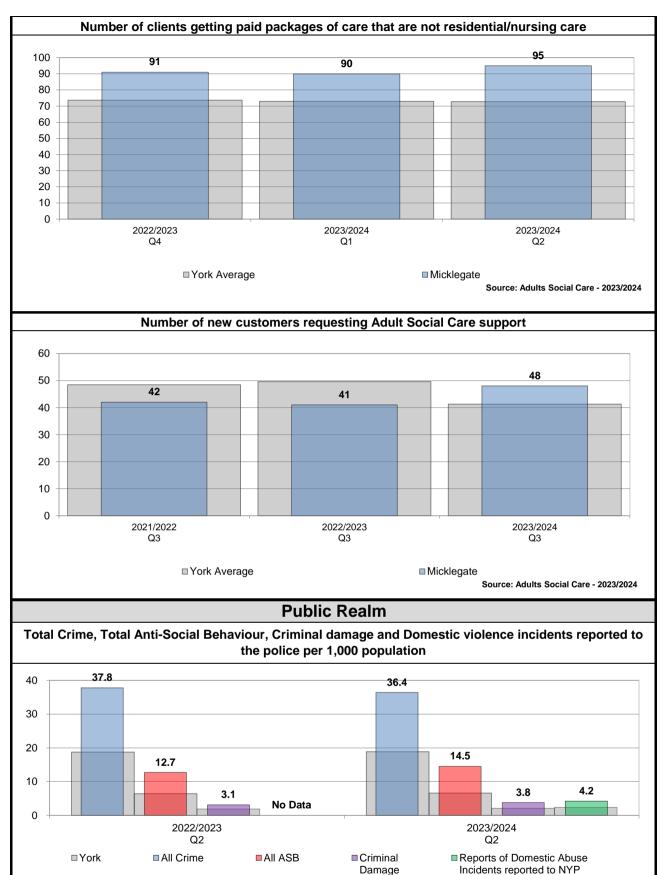

The mean of all respondents' responses to both questions is the score presented here.

#### Broadband coverage and speeds

In March 2017 the UK Government introduced the Universal Service Obligation (USO) for broadband as part of its commitment in the UK Digital Strategy to ensure that the UK has world-class digital connectivity and inclusion.

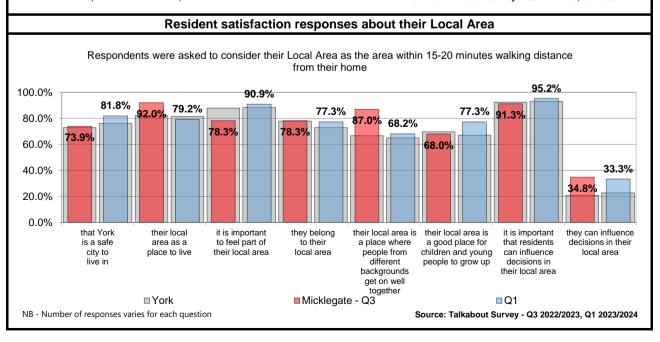

Measure	Micklegate	York	Summary
Average download speed (Mb/s)	118.21	174.80	slower than the York average
Superfast broadband availability	85.42%	97.19%	worse than the York average
Connections receiving:			
slowest speeds (under 2 Mb/s)	0.00%	0.04%	lower than the York average
slower speeds (under 10 Mb/s)	0.98%	0.39%	higher than the York average
superfast speeds (over 30 Mb/s)	94.53%	97.28%	lower than the York average

This data is based on analysis of Ofcom's Connected Nations data for 2023/2024. Ofcom collected and analysed data from major fixed telecoms operators (BT, Virgin Media, Sky, Talk Talk, Vodafone and KCOM).

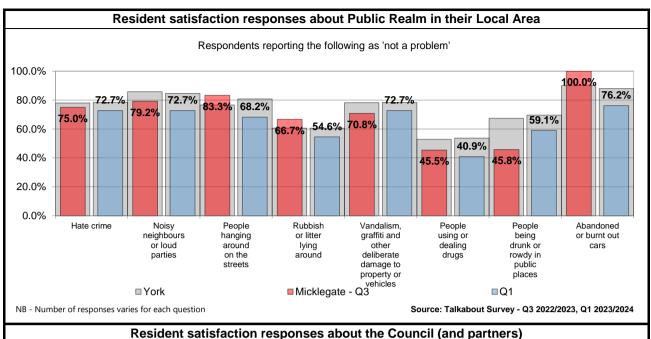

Due to variations in broadband performance over time, Ofcom cautions that the data should not be regarded as a definitive and fixed view of the broadband infrastructure but rather a snapshot of current variation in availability and performance across the country.

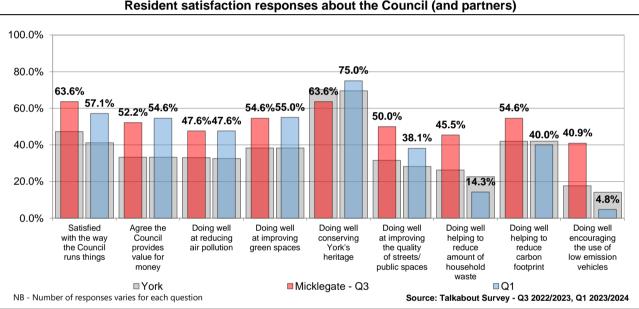

The vast majority of UK homes can now get superfast broadband, which provides download speeds of at least 30 Mbit/s; although more than a quarter who have access to it have not taken it up.

#### **Experian Groups**

#### O Rental Hubs

Young singles and homesharers, rent flats, very high internet use, internet via smartphone, watch videos online.

#### N Urban Cohesion

Homesharers in terraces, uber passengers, free mobile phone apps, read news and shop online, visual arts and design sites.

#### A City Prosperity

Urban areas, high value flats, high income, cosmopolitan lifestyles, high-tech homes.

#### **G Domestic Success**

Families with children, mid to high household income, monthly discretionary income under £1000, very high mortgage debt, internet via smartphone.

#### K Municipal Tenants

Council/HA flats, densely populated, no qualifications, low discretionary income, low environmental impact gap.

#### H Aspiring Homemakers

Families with young children, 3 bedrooms, high outstanding mortgages, internet via smartphone, texts and photos on smartphone.

#### E Senior Security

Retired singles and couples, pre-war generation, established in community, low internet use, have wills.

## **Experian Types**

#### O61 Career Builders

Young singles and homesharers, rent flats, university degrees, work full-time, access internet at work.

#### N60 Ageing Access

Retired singles, baby boomers, purpose built flats, 1 or 2 bedrooms, no outstanding mortgage.

#### A02 Uptown Elite

Expensive properties, high income, quality news, waitrose, uber passengers.

#### O62 Central Pulse

Rent 1 bed flats, university degrees, access internet at work, electric central heating, low environmental impact gap.

#### G26 Cafés and Catchments

Families with children, generation x, university degrees, high value, pre-war properties, mid to high household income.

## G27 Thriving Independence

Middle-aged singles, no children, homeowners, calls via smartphone, internet first place for information.

#### K44 Inner City Stalwarts

Council/HA tenants, no children, 1 bed flats, no qualifications, high street supermarkets.

### E18 Legacy Elders

Retired singles, pre-war generation, university degrees, homeowners, no outstanding mortgage.

## A04 Metro High-Flyers

Singles, small, rented flats, career-focussed, high income, cosmopolitan lifestyles.

#### H30 Primary Ambitions

Families with young children, 3 bed terraces, vocational qualifications, high outstanding mortgages, internet via smartphone.
