Poverty

Child Poverty

The proportion of children living in families in receipt of out-of-work (means-tested) benefits or in receipt of tax credits where their reported income is less than 60 per cent of UK median income

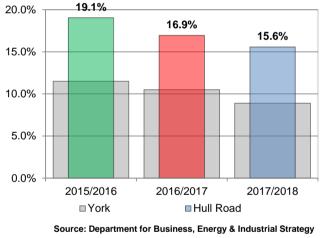

Fuel Poverty

The Low Income High Costs indicator is a twin indicator consisting of:
• the number of households that have both low incomes and high fuel costs; and

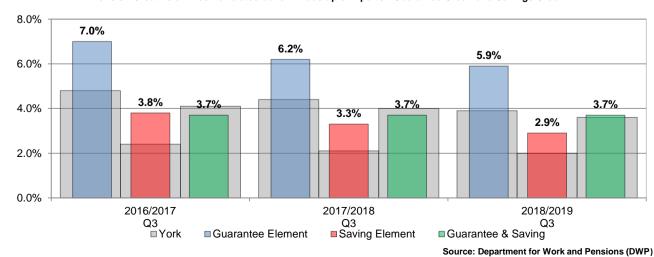

• the depth of fuel poverty amongst these fuel poor households.

This is measured through a fuel poverty gap which represents the difference between the required fuel costs for each household and the median required fuel costs.

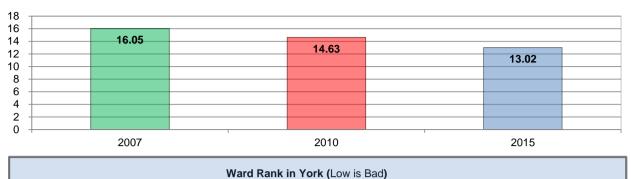

Pension Credit

Pension Credit is an income-related benefit made up of 2 parts - Guarantee Credit and Savings Credit.

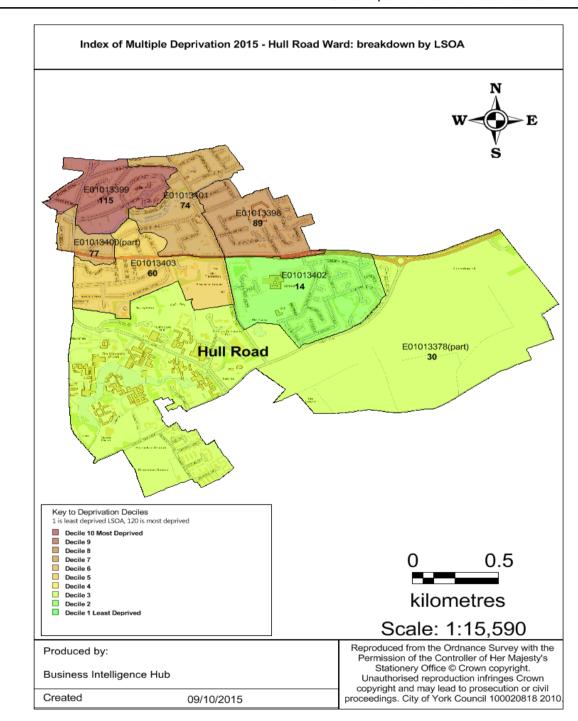

The IMD measures and rates a number of different domains affecting quality of life including income, employment, education and skills, health and disability, crime, barriers to services and quality of living environments.

Emergency hospital admissions for injuries resulting from a fall (over 65), per 1,000 population

Falls data: the figures given here are taken from Hospital Episode Statistics data, which takes the number of those aged 65 or over being admitted to hospital on a non-elective basis at least once in each year as a result of a fall and divides it by the number of those of that age group resident in each ward to give a rate per 1,000 population.

Adult Social Care

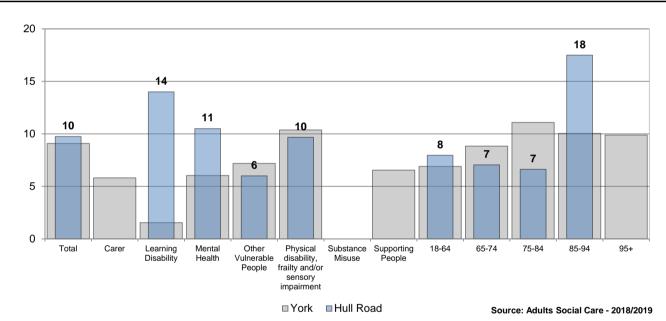

Social isolation

Social isolation: This is based on respondents to two questions on the Adult Social Care Survey regarding social contact and how time is spent. A score of 1 indicates that the respondent has plenty of social contact and that they spend their time doing things they enjoy A score of 4 indicates that the respondent feels socially isolated and that they don't feel they do anything of value with their time.

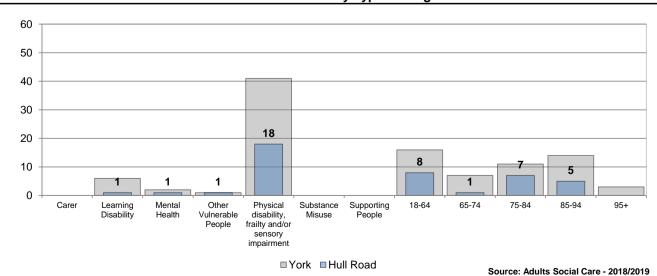

The mean of all respondents' responses to both questions is the score presented here.

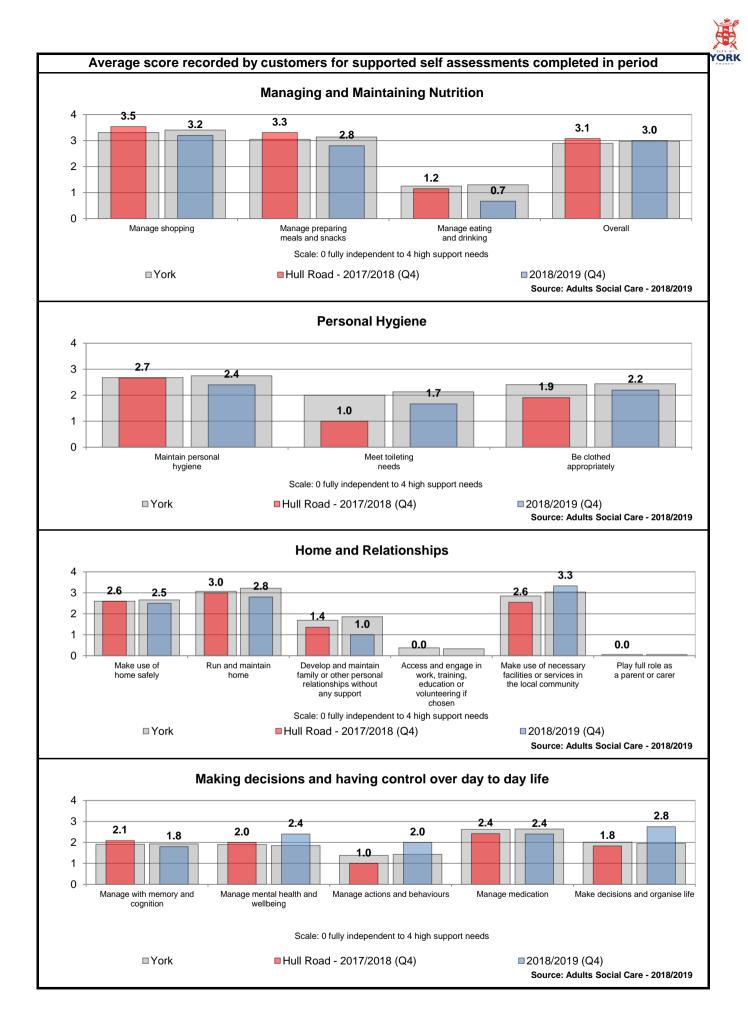

Average Weekly Homecare Hours by Client Type and Age

Homecare Clients by Type and Age

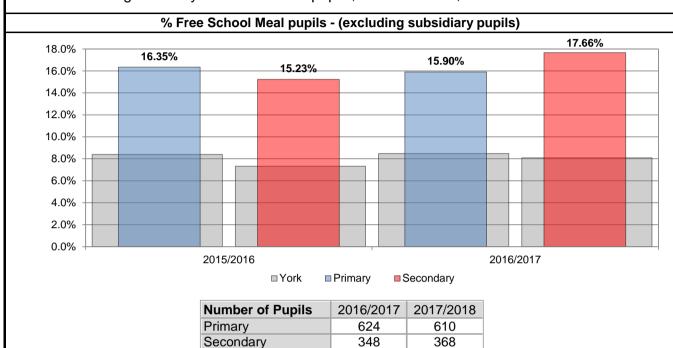

Education and Schools

The following school catchment areas are part of Hull Road Ward:

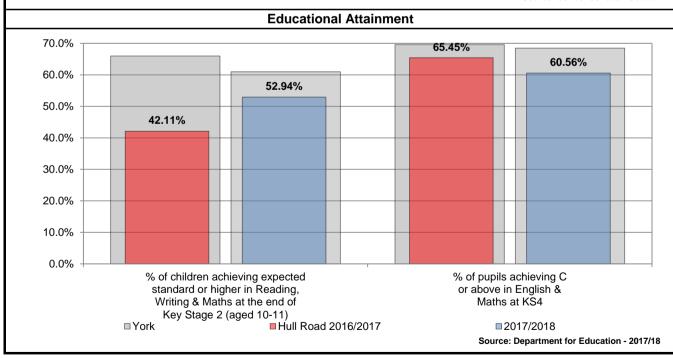

Primary: Badger Hill, Lord Deramore's, Osbaldwick, St. Lawrence's CE Academy and Tang Hall.

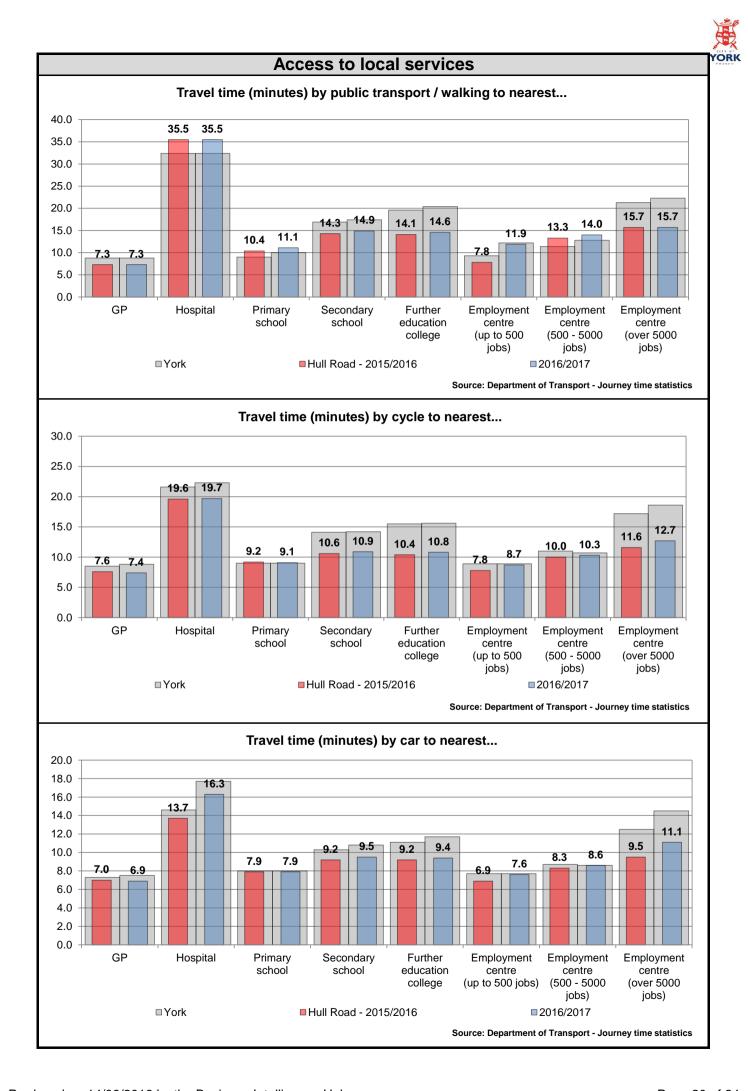

Secondary: Archbishop Holgate's CE and Fulford Secondary.

The following data only relates to those pupils, from this ward, who attend York Schools.

Broadband coverage and speeds

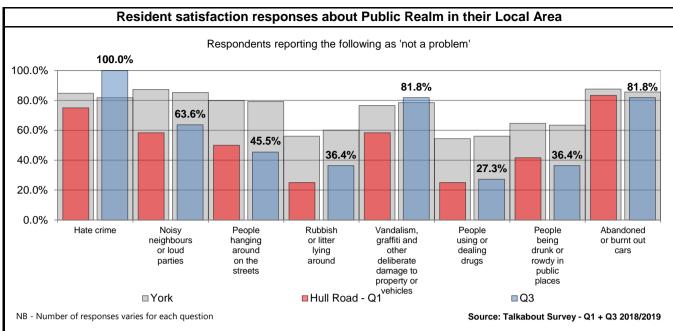

In March 2017 the UK Government introduced the Universal Service Obligation (USO) for broadband as part of its commitment in the UK Digital Strategy to ensure that the UK has world-class digital connectivity and inclusion.

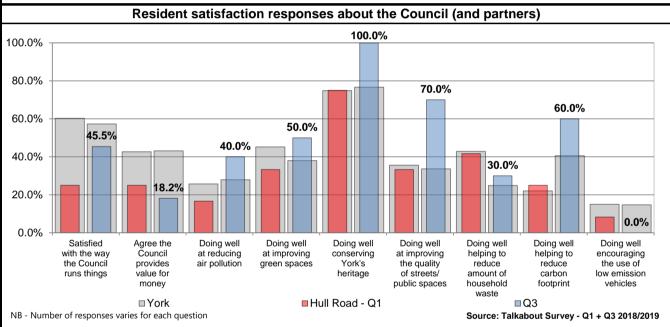

Measure	Hull Road	York	Summary
Average download speed (Mb/s)	37.32	102.90	slower than the York average
Superfast broadband availability	90.01%	92.00%	worse than the York average
Connections receiving:			
slowest speeds (under 2 Mb/s)	0.34%	1.00%	lower than the York average
slower speeds (under 10 Mb/s)	14.68%	1.00%	higher than the York average
superfast speeds (over 30 Mb/s)	39.24%	42.00%	lower than the York average

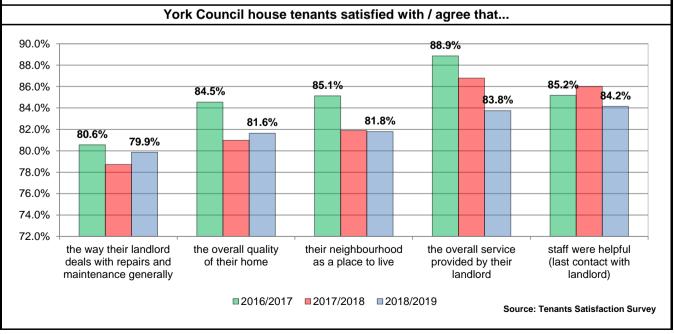

This data is based on House of Commons Library analysis of Ofcom's Connected Nations data. Ofcom collected and analysed data from major fixed telecoms operators (BT, Virgin Media, Sky, Talk Talk, Vodafone and KCOM). The availability data also includes coverage information provided by alternative network providers (B4RN, BU-UK, City Fibre, Gigaclear, Hyperoptic, ITS and Relish). Due to variations in broadband performance over time, Ofcom cautions that the data should not be regarded as a definitive and fixed view of the broadband infrastructure but rather a snapshot of current variation in availability and performance across the country.

Experian Groups

J Rental Hubs

Aged 18-35, private renting, singles and sharers, urban locations, young neighbourhoods.

M Family Basics

Families with children, aged 25 to 40, limited resources, some own low cost homes, some rent from social landlords.

F Senior Security

Elderly singles and couples, homeowners, comfortable homes, additional pensions above state, don't like new technology.

D Domestic Success

Families with children, upmarket suburban homes, owned with a mortgage, 3 or 4 bedrooms, high internet use.

N Vintage Value

Elderly, living alone, low income, small houses and flats, need support.

H Aspiring Homemakers

Younger households, full-time employment, private suburbs, affordable housing costs, starter salaries.

E Suburban Stability

Older families, some adult children at home, suburban mid-range homes, 3 bedrooms, have lived at same address some years.

Experian Types

J42 Learners & Earners

Students among local residents, close proximity to universities, cosmopolitan atmosphere, often terraces, two-thirds rent privately.

J43 Student Scene

Full-time students, halls of residence, homesharing private renters, frequent internet usage, most have smartphones.

M56 Solid Economy

Families with children, renting from social landlord, pockets of social housing, lower wage service roles, relatively stable finances.

M55 Families with Needs

Cohabiting couples & singles with kids, areas with high unemployment, low household income, small socially rented terraces and semis, moves tend to be within local community.

F23 Solo Retirees

Elderly singles, small private pension, long length of residence, own a suburban semi or terrace, keep bills down by turning things off.

D17 Thriving Independence

Singles and cohabitees 36+, family neighbourhoods, middle managers, large outstanding mortgage, comfortable income.

F25 Classic Grandparents

Elderly couples, traditional views, not good with new technology, most likely to have a basic mobile, long length of residence.

F22 Legacy Elders

Oldest average age of 78, mostly living alone, own comfortable homes outright, final salary pensions, low technology knowledge.

H32 Flying Solo

Young singles and cohabitees, often privately rented, some owning, entry-level salaries, good value suburban terraces and semis, laptops and ipods.

L49 Disconnected Youth

Aged under 25, mostly living alone, have lived at address less than 3 years, limited employment options, low access to mainstream credit, rely on mobiles for communication.
