Poverty

Child Poverty

The proportion of children living in families in receipt of out-of-work (means-tested) benefits or in receipt of tax credits where their reported income is less than 60 per cent of UK median income

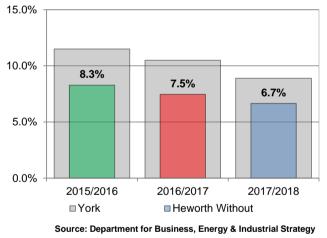

Fuel Poverty

The Low Income High Costs indicator is a twin indicator consisting of: • the number of households that have both low incomes and high fuel

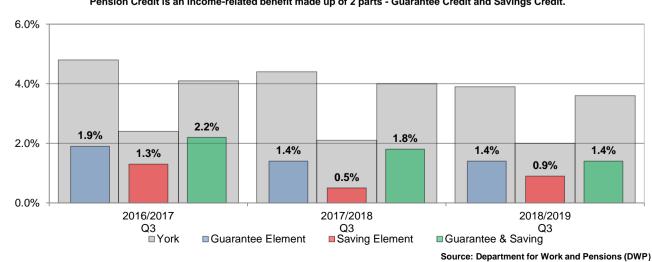

• the depth of fuel poverty amongst these fuel poor households.

This is measured through a fuel poverty gap which represents the difference between the required fuel costs for each household and the median required fuel costs.

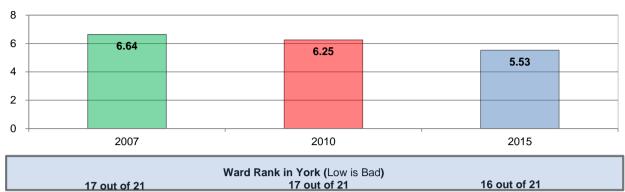

Pension Credit

Pension Credit is an income-related benefit made up of 2 parts - Guarantee Credit and Savings Credit.

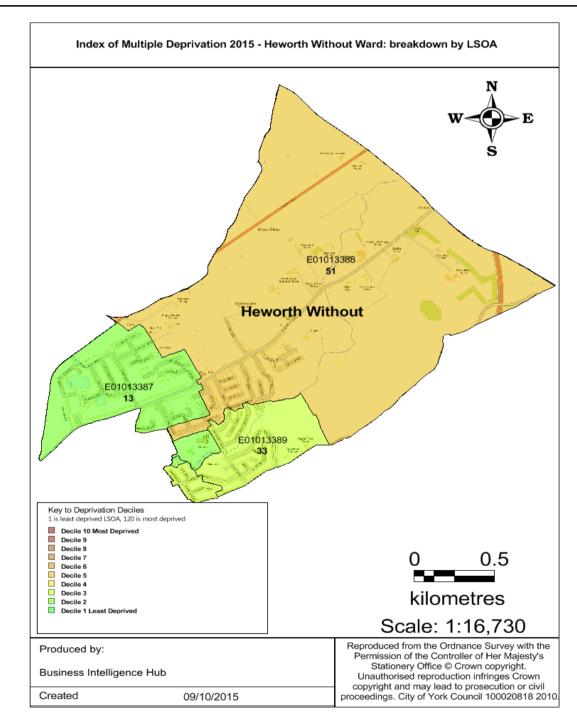

The IMD measures and rates a number of different domains affecting quality of life including income, employment, education and skills, health and disability, crime, barriers to services and quality of living environments.

Emergency hospital admissions for injuries resulting from a fall (over 65), per 1,000 population

Falls data: the figures given here are taken from Hospital Episode Statistics data, which takes the number of those aged 65 or over being admitted to hospital on a non-elective basis at least once in each year as a result of a fall and divides it by the number of those of that age group resident in each ward to give a rate per 1,000 population.

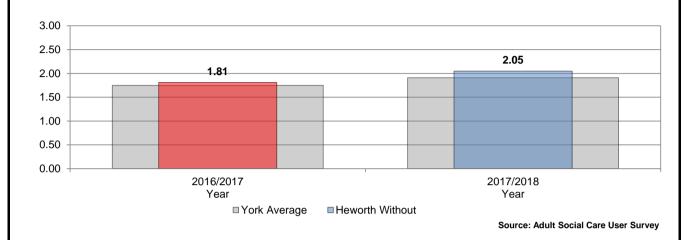

Social isolation

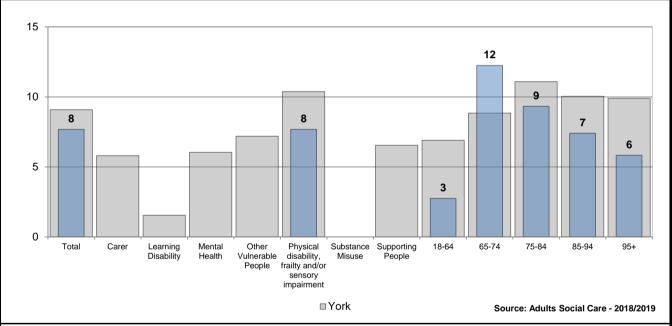

Social isolation: This is based on respondents to two questions on the Adult Social Care Survey regarding social contact and how time is spent. A score of 1 indicates that the respondent has plenty of social contact and that they spend their time doing things they enjoy

A score of 4 indicates that the respondent feels socially isolated and that they don't feel they do anything of value with their time.

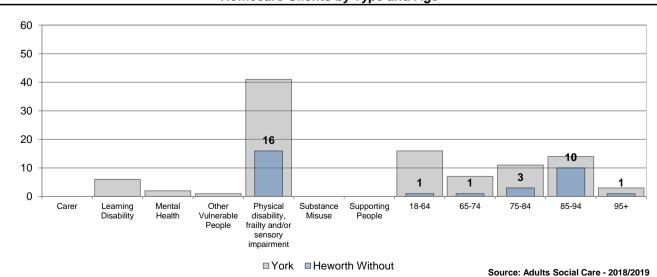

The mean of all respondents' responses to both questions is the score presented here.

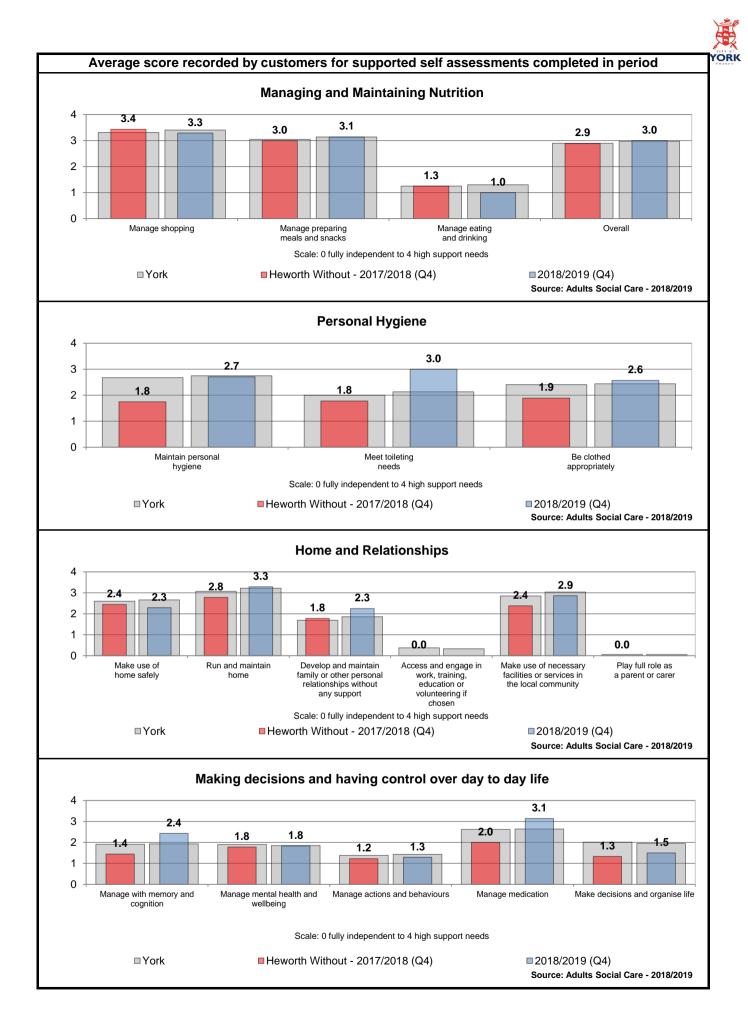

Homecare Clients by Type and Age

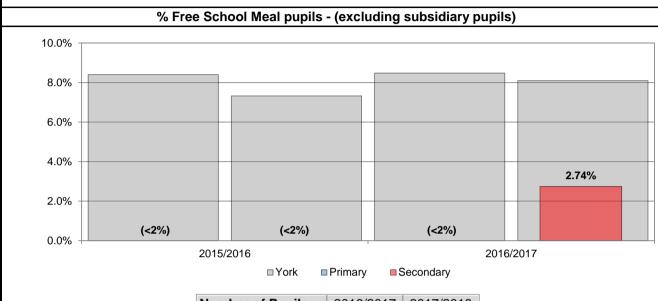

Education and Schools

The following school catchment areas are part of Heworth Without Ward:

Primary: Hempland.

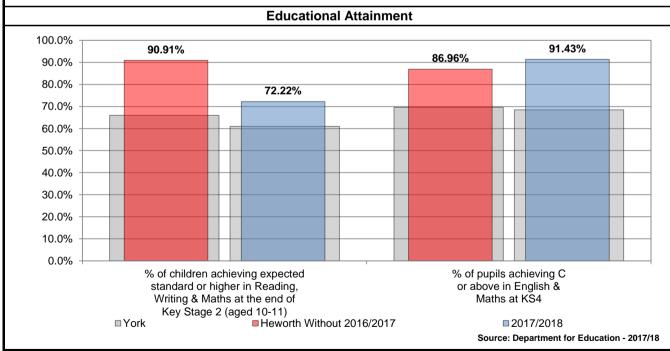

Secondary: Archbishop Holgate's CE.

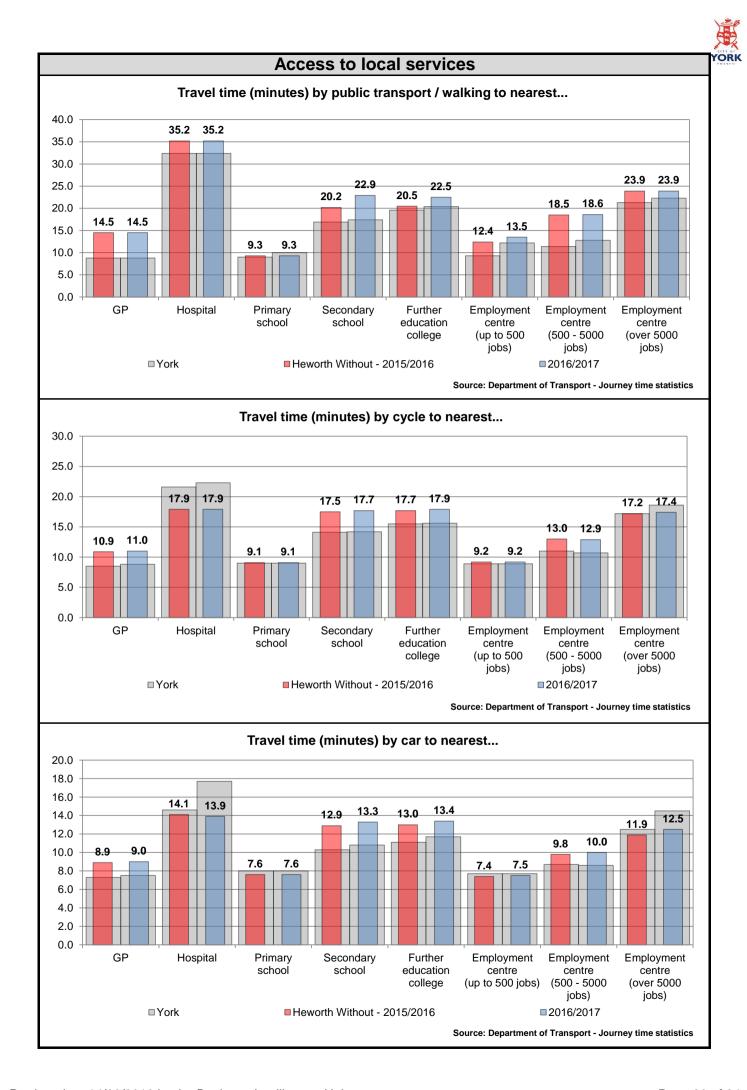

The following data only relates to those pupils, from this ward, who attend York Schools.

Number of Pupils	2016/2017	2017/2018
Primary	238	245
Secondary	143	146

Broadband coverage and speeds

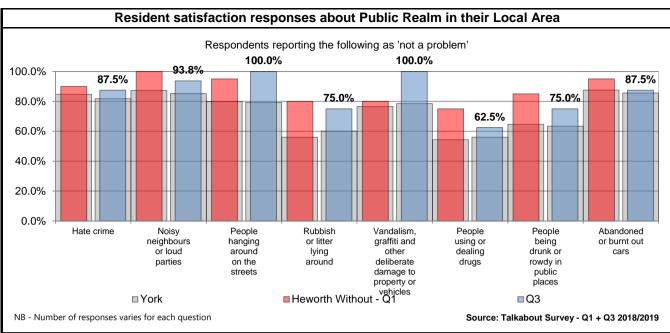

In March 2017 the UK Government introduced the Universal Service Obligation (USO) for broadband as part of its commitment in the UK Digital Strategy to ensure that the UK has world-class digital connectivity and inclusion.

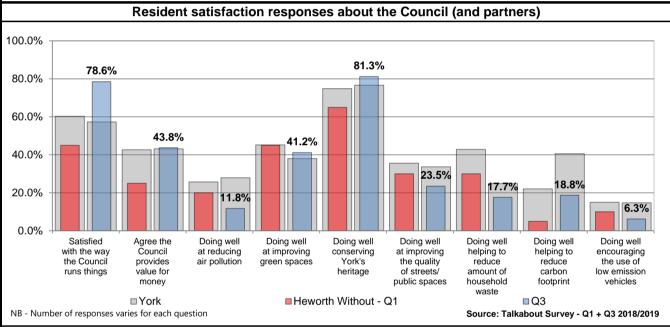

Measure	Heworth Without	York	Summary			
Average download speed (Mb/s)	42.71	102.90	slower than the York average			
Superfast broadband availability	89.45%	92.00%	worse than the York average			
Connections receiving:						
slowest speeds (under 2 Mb/s)	1.72%	1.00%	higher than the York average			
slower speeds (under 10 Mb/s)	35.34%	1.00%	higher than the York average			
superfast speeds (over 30 Mb/s)	46.00%	42.00%	higher than the York average			

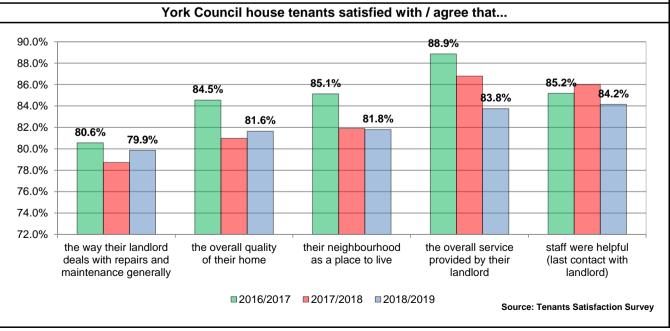

This data is based on House of Commons Library analysis of Ofcom's Connected Nations data. Ofcom collected and analysed data from major fixed telecoms operators (BT, Virgin Media, Sky, Talk Talk, Vodafone and KCOM). The availability data also includes coverage information provided by alternative network providers (B4RN, BU-UK, City Fibre, Gigaclear, Hyperoptic, ITS and Relish). Due to variations in broadband performance over time, Ofcom cautions that the data should not be regarded as a definitive and fixed view of the broadband infrastructure but rather a snapshot of current variation in availability and performance across the country.

Experian Groups

F Senior Security

Elderly singles and couples, homeowners, comfortable homes, additional pensions above state, don't like new technology.

E Suburban Stability

Older families, some adult children at home, suburban mid-range homes, 3 bedrooms, have lived at same address some years.

D Domestic Success

Families with children, upmarket suburban homes, owned with a mortgage, 3 or 4 bedrooms, high internet use.

B Prestige Positions

High value detached homes, married couples, managerial and senior positions, supporting students and older children, high assets and investments.

H Aspiring Homemakers

Younger households, full-time employment, private suburbs, affordable housing costs, starter salaries.

A Country Living

Rural locations, well-off homeowners, attractive detached homes, higher self-employment, high car ownership.

N Vintage Value

Elderly, living alone, low income, small houses and flats, need support.

Experian Types

F24 Bungalow Haven

Elderly couples and singles, own their bungalow outright, neighbourhoods of elderly people, may research online, like buying in store.

F22 Legacy Elders

Oldest average age of 78, mostly living alone, own comfortable homes outright, final salary pensions, low technology knowledge.

D16 Mid-Career Convention

Married couples with kids, traditional suburbs, professional jobs, likely to have life cover, high proportion with mortgage.

E20 Boomerang Boarders

Adult children living with parents, respectable incomes, own mid-range semis or detached homes, older suburbs, search electricals online while in store.

B05 Empty-Nest Adventure

Couples aged 56 and over, children have left home, live in long-term family home, book holidays and tickets online, comfortable detached homes.

H31 First-Rung Futures

Younger couples and singles, own 2 or 3 bed semis and terraces, affordable suburbs, have lived there under 4 years, buy and sell on ebay.

D17 Thriving Independence

Singles and cohabitees 36+, family neighbourhoods, middle managers, large outstanding mortgage, comfortable income.

E18 Dependable Me

Mature singles, traditional suburbs, own lower value semis, have lived in same house 15 years, intermediate occupations.

E19 Fledgling Free

Older married couples, children have left home, respectable incomes, own suburban 3 bed semis, one partner often not working full-time.

F25 Classic Grandparents

Elderly couples, traditional views, not good with new technology, most likely to have a basic mobile, long length of residence.
